Motorcycle Maintenance.

With the help of the Clymer Suzuki DR250-350, 1990-1994 Repair Manual in your toolbox, you will be able to maintain, service and repair your motor-cycle to extend its life for years to come. Clymer manuals are very well known for their thorough and comprehensive nature. This manual is loaded with step-by-step procedures along with detailed photography, exploded views, charts and diagrams to enhance the steps associated with a service or repair task. This Clymer manual is organized by subsystem, with procedures grouped together for specific topics, such as front suspension, brake system, engine and transmission It includes color wiring diagrams. The language used in this Clymer repair manual is targeted toward the novice mechanic, but is also very valuable for the experienced mechanic. The service manual by Clymer is an authoritative piece of DIY literature and should provide you the confidence you need to get the job done and save money too.

At long last, Steve Koerner presents an original and in-depth analysis, based on hitherto unused sources, of what really happened. Fascinating, detailed and totally convincing, this book provides the first thorough explanation of the strange death of the British motor cycle industry.

A young man escapes 1970s Belfast on his Moto Guzzi Le Mans, and tries to find himself... and the road to Australia... what could possibly go wrong Montañas, valles, páramos, cañones, nevados, volcanes, glaciares, desiertos, lagos, bosques, estepas, frío, calor, viento, geología sorprendente, cataratas, salinas, cielos infinitos, océanos, aguas termales, trochas, autopistas, interesantes ruinas, pingüinos, cóndores, comida variada, gente amable, precios cómodos, carne asada, fronteras fáciles, mismo idioma, lugares únicos en el mundo, cultura indígena. Esto y mucho más es Suramérica. El autor comparte sus numerosas aventuras personales, no siempre agradables para él, durante cinco meses y a lo largo de casi cuarenta mil kilómetros por el continente. Pero la jornada había comenzado treinta y cuatro años antes, imaginando un viaje que nunca se pudo forjar. Durante ese tiempo la llama se atenuaba cíclicamente, pero nunca se extinguió. Este libro invita a visitar las maravillas de una tierra que está aún por revelar. También lo invita a que usted tampoco deje apagar la llama que lo puede llevar algún día a cumplir con esa promesa de recorrer Suramérica.

No other motorcycle can match the style, looks, or sound of these polished chrome masterpieces with their famous, rumbling V-twin engines. This book celebrates the best of Harley-Davidson's magnificent heritage, detailing more than 50 machines, built over nearly a century of manufacturing. All the most famous production models are included, from the Silent Gray Fellow of 1911, right up to today's motorcycles, with their Twin Cam 88 engines. Stunning photography highlights every aspect of each motorcycle with superb double-page pictures and close-up detail shots. The book fully explains the most important parts of each machine and explores the fascinating history that makes each bike so special. Comprehensive specifications cover all the machines' technical aspects.

KLR650 (2008-2012),

Yamaha YZF-R1 1998-2003

This book is written to help adventuresome motorcyclists buy, ride, and enjoy dual sport motorcycles, those versatile machines that are equally at home on the street and in the dirt. It is organized into four sections covering motorcycle selection, setup, riding technique, and specialized activities such as off-road touring and rallies. Several chapters include exercises designed to improve riding and impart new skills. Over 250 full-color photographs illustrate the many options for gear, clothing, and aftermarket accessories which can add comfort, safety, and convenience to any motorcycle adventure. The book also contains many references and sources to orient enthusiasts to the sometimes overwhelming sea of information that is available. New riders will benefit from the clear explanations of dual sport gear, accessories, and techniques, while experienced riders coming to dual sport from a street riding background will find chapters covering advanced dirt riding skills, GPS navigation, and preparing for multi-day trips. Riders at all levels will gain a broader perspective of the dual sport experience, from which they can begin their journey to new motorcycle adventures.

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

Timeless On The Silk Road is a travel memoir based on one woman's solo motorcycle odyssey along the fabled Silk Roads of antiquity. Faced with her mortality, this is a profoundly confronting tale of life and death. An evocative journey of courage, hardship and immense beauty of landscape and culture, Heather brings to life every character she meets along the way. She pays homage to the fallen ANZACs; crosses oil-rich Azerbaijan and the Caspian Sea. In Turkmenistan and Uzbekistan, she enters the ancient world of Islam, then rides over the high snow-capped mountain passes to the lush valleys of Kyrgyzstan where the nomads take her into their yurts and their hearts. She becomes lost in the vastness of the birch forests of Kazakhstan's Altai Mountains where she is rescued by Russian mountain men. And in China, she is repeatedly told there will soon be a new world order. Timeless On The Silk Road is essentially the story of one woman's last adventure; her one last search for meaning as she navigates the pendulum of denial and hope: depression and faith. But it is through this search that the narrative is infused with a deep spiritual power leaving the reader questioning their own mortality and leaving them with a deeper understanding of what it means for the millions globally living with HIV; for the newly diagnosed; and for those, without access to effective treatments, continue to die from AIDS. Timeless on the Silk Road is Heather's eagerly anticipated second book and follows Ubuntu: One Woman's Motorcycle Odyssey Across Africa, a travel memoir about a life-changing adventure into the soul of Africa. Published by Black Inc in April 2016 and Illuminatio in Poland in June 2017, Ubuntu has received rave reviews in Australia and internationally, and continues to be listed as a 'Bestseller' in travel on Amazon. Heather has worked as a radiation safety technician, a motorcycle courier in London, a journalist and in communications in international community development. She lives in the Yarra Valley, Australia with her three children. And she still rides motorcycles.

YZ125 1994-2001

Updated for a new generation of bike lovers, Ultimate Harley Davidson is a visually stunning and comprehensive history of Harley-Davidson that charts the company and its bikes decade by decade. From the moment the first model rolled out of a backyard shed in Milwaukee, through Harley's postwar golden age, to the sought-after bikes that distinguish the company today, Ultimate Harley-Davidson presents seventy of the most beautiful and coveted Harleys of all time. Whether it's the 1911 V-Twin or the 1999 X1 Lightning, the seventy Harley-Davidson bikes examined are presented in minute detail, with close-ups of the engines and in-depth technical specifications.

Covers over 10,000km from the High Atlas to the Mauritanian border, with detailed GPS off-road routes for 4WDs, motorcycles, campervans and mountain bikes.--Bertram.

Riding Towards Me is the epic adventure story of Jay Kannaiyan who dropped everything he had in the US to ride his motorcycle back home to India by the longest possible route. The journey took him three years and three months as he rode through Latin America, Europe and Africa, finally reaching New Delhi in 2013. Jay and his motorcycle, sanDRina, encountered mechanical meltdowns, remote Mayan villages, weeks of high altitude desert isolation, Caribbean and Atlantic voyages, humility, friendship, and landscapes that almost destroyed the bike and Jay's spirit. His go-with-the-flow attitude and engineering background deliver a story of global trails and an adventuring insight that brought him fame amongst the off-road motorcycling fraternity before his journey was even complete.

My Mother Warned Me About Blokes Like Me is Boris Mihailovic's frank, fearless and fast account of a life of motorcycles, brotherhood, demons, dirt and danger. Whether you're into dirt bikes, road bikes, ride a Yamaha, scooter or Laverda: if you've ever experienced the primal rush of riding a motor bike, the pain of crashing, the suffering of healing and the epiphanies of speed, then this book is for you. My Mother Warned Me About Blokes Like Me is about friendship, treachery, girls in tight pants and motorcycles that have been possessed by Satan. It's about brotherhood, camaraderie, drugs, alcohol and being hounded by the police for daring to combine them all at once. It's about breaking the law, and racing 1000 kilometres through the night for money and thrills. It's about massive amputations, bovine stupidity, maniacal genius and the wisdom of the old. It's about chance and fate and suffering, being two people at once and being handcuffed in a Melbourne gutter. It's about being cold and crazy and hopeful and irredeemably lost. It's about impossible highs and soul-crushing lows, about demons and brothers and dirt and danger, and houses with iron bars instead of glass in their windows. Essentially it's about Boris Mihailovic's life. With motorcycles. 'His love of motorcycling, mateship and frequent, subsequent mayhem is matched by a natural writing ability that graphically, often hilariously, brings to life the two-wheeled experiences that have shaped his life... Highly recommended' - 4 x 4 Magazine 'There is no requirement to love everything on two wheels to enjoy this book but it would seriously help, as our resident bike nut said about Boris: This guy lives and breathes motorbikes. He's the epitome of two wheel freedom' - Mining Chronicle

Over 50 years in the making, this book is about a passion for adventure by being on two wheels and how that desire can influence and shape your life. From pushbikes to mopeds and through all different genres of motorcycles, Nigel describes in detail his choices and adventures from riding the 24 different bikes he has owned on the three continents he has lived. Unfortunately, not all adventures turn out the way he had planned, and he treats his mishaps and misdemeanors as life learning opportunities rather than disasters looking to improve and just be better instead of simply giving up. Even if you don't like motorcycles, this book is a joy to read. It's a history book, technical manual and autobiography rolled into one. Nigel hangs it all together with some great storytelling and if you are a motorcyclist yourself, this book will invariably rekindle your own memories and adventures from being on two wheels.

A vision of custom motorcycles

Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.

The Sibirsky (Siberian) Extreme Project was a 2009 motorcycle adventure project by motorcycle adventurer Walter Colebatch to attempt to go into the ultimate depths of Siberia. The project aimed to push the boundaries of what is known and what is possible in terms of motorcycling in Siberia and hoped to ride new routes and tracks that had yet to be explored by adventure motorcyclists to date. On the ambitious schedule were: - the Tuva Track, a vague boggy unriden route linking the Altai and Tuvan Republics, near the Mongolian border, between the towns of Kosh Agach and Mugur Aksy - the Anabar Road from Lensk to Udachny, an unriden route leading further north in Asia than anyone had ridden before (over 66 degrees North). - the Vilyuisky Trakt, an unriden dirt track only completed in early 2009 that runs 1500 kms east (950 miles) between Lensk, Mirny and Yakutsk. - the legendary BAM Road, 4300 km from Vanino on the Pacific Ocean to Taishet in central Siberia; an abandoned road no motorcyclist had ever even attempted in its entirety, let alone ridden. To many adventurers, the BAM Road is the toughest road on the planet. This book covers the planning, the riding, the struggles, the triumphs and the disappointments of this incredibly challenging itinerary.

Practical guide for anyone planning a long-distance motorcycling trip. Choosing, preparing and equipping a motorbike, documentation and shipping, life on the road, trans-continental route outlines: Asia, Africa & Latin America. Updated and now in full colour, this best-seller has been in print for almost 30 years.

As you travel Africa, you will find the way of ubuntu - the universal bond that connects all of humanity as one. At the age of twenty-eight, while sitting in a friend's backyard in the remote mining township of Jabiru, Heather Ellis has a light-bulb moment: she is going to ride a motorcycle across Africa. The idea just feels right - no matter that she's never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a 'floating village' on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu - a Bantu word meaning 'I am because you are'. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world's most remote, beautiful and dangerous places.
