What has the world come to? Like many hardworking Americans, Holly and Brad McQuerty's lives have become living nightmares under President Obama's reign: high taxes, the housing crisis he'd caused thanks to the welfare state, gay weddings, the fiascos in Iraq and Benghazi, ISIS, NAFTA, all that climate change mumbo-jumbo, and worst of all: Obamacare—aka The Affordable Care Act—with its Death Panels, enforced premiums and Sex Robots. That's

right: OBAMACARE SEX ROBOTS... Sexy cyborgs made by the government to "help" people in times of "need." But do they really help us, or are they here to tear the fabric of America apart boner by aching boner, nipple by tweaked nipple, butt by savaged butt? Holly and Brad are young conservatives and want no part of this bold new future. But one fateful day, Holly catches her husband getting hot and sweaty with one of the devices and soon their lives are changed forever. In a tizzy, Holly runs away with the robot and is chased by everyone: her husband, the police, shady government officials. There seems to be something else going on too, besides one woman and one Kenyan-American robot, on the lam, discovering their bodies and themselves, satiating their dark desires in SUV's and hotel rooms across Connecticut. Big things are happening—history is happening—a history someone or something doesn't want Holly to find out about. In the waning days of the Obama Administration, events are starting to take a dark turn. How deep does the rabbit hole go? How deep does the sheep hole go? Find out the sheep hole's deepness in this seriously hot, dark and sexy new series of thrillers

Bethanie helps men realize their fantasies of being heroes in their own stories?for a price. She plays the damsel in distress, trapped in a dungeon, eagerly awaiting their rescue. When three handsome black men appear with a scenario none of the girls wanted to play out, she is chosen. She plays the damsel, but the men aren't there to rescue her? ?Foursome? is the second standalone love story in ?Dark Desires,? a series that is as dark as it is steamy. ~~~~~ Excerpt ~~~~~ "How was the guy?" she asked. She was rarely briefed about her knights. The manager claimed it kept things fresh for the customers but she knew part of it was to keep her in suspense. Keeping her in the dark made her surprise more genuine. Customers can't really tell if the surprise came from disappointment or joy, after all. She drew in a deep breath and waited for him to answer. She had only been alone for two hours but it felt like an eternity. Her wrists and ankles ached from being

chained up for so long. She wished they had installed hidden doors or something, so she didn't have to wait for so long. "He was very strong," Stephen said. He guarded the room alongside several other guards and made it a challenge for their customers to get past. They had to make sure that the customers always won in the end. "We didn't even have to pretend to lose," he chuckled. "Oh," she voiced, raking her head for the men they had interviewed so far. A bigger man then, she thought. There were a few of those that were due to arrive around this time of the year. She had met with all of her knights prior to the games. It was important that they form an understanding, so they would know what was okay to do and what was not. She was quite a favorite as a prize for the game, not just for her more voluptuous body but because she was okay with a little pain. In fact, she welcomed it. "Bethanie umm?" he cleared his throat. It crackled slightly in the system. "Do you think you're free to-" Silence greeted her abruptly. Her heart quivered as she waited for him to continue. He was going to ask her out. Finally. She had been giving him all the right signals for months. She was

starting to think that her job was the reason why he wanted to steer clear of her. "Stephen?" she called out after a moment. There was no response. "Stephen?" she tried again. The dim light from the corners of the room went off abruptly, warning her that the challenger was just a floor away now. She could hear the sound of things moving beneath her. Books and metal decorative items were being thrown to the floor. Underneath the desk was a box where a key was hidden. She jumped when she heard the sound of the desk being pushed to the floor. The man wasn't being quiet about what he was doing. There was a book on the desk that detailed the reason why she was here. From then, it was an easy matter to get to the secret door to reach her. Not for the first time since she started working there, she wished she had a way of seeing the man before he arrived. She heard the sound of the key going into the lock and waited with bated breath for the door to open. Now she knew why the manager had been grinning when she saw her this morning. He was a beast. The giant of a man was capable of filling the entire door. He was wearing a simple loincloth and it clung dan-

gerously loosely at his hips. She gulped and lowered her gaze to the wooden floor. She remembered him?

When the dean sends Hector and Sally on a mission to a sister school to help "whip things into shape," Sally and Hector quickly discover things are not as they appear. The students are odd, willful at times and zombie-like at others, and the headmaster, supposedly one of the most-powerful vampires in the world, doesn't seem to be very concerned about the situation at all—though he is keenly interested in getting into Sally's pants. At the center of it all is a Red Witch named Carmen, a former protégée of Hector's who seems hell-bent on getting him all to herself, even if that means killing everyone in her path—Sally especially—to accomplish just that. He was looking at her with an expression that scared her. There was a spark in his eyes that was tell-tale to what he was thinking. She drew away from him, but he held her too close. She dropped her eyes, suddenly shy. "What're you thinking about?" he asked. "Nothing," she lied easily. "Would you like to know what I'm thinking about?" he asked. "Yes," she whispered, her feet moving automatically now, matching his every step. His strong frame held her up, guided her the right way. All she had to do was let him lead. "I'm thinking about undressing you the moment the light goes out," he said. More than a few eyes turned their way. Her eyes grew wide, fearful and

aroused all at once. "What-" She cleared her throat slightly. "What makes you think I'll let you?" "Because I'm not asking," he said. She stared at him. He certainly wasn't the sort of man to ask for what he wanted. He turned her one way, then the other, never stopping to ask or make sure if she was still following. It was hard to believe that she had just gotten to know him that morning. "It seems everyone has gotten their steps perfect," the instructor's voice announced. "And now, the lights are going off." Her gasp followed the sudden darkness. She felt the subtle push from his strong arms as he continued to lead her in the dance, but she quickly lost her step, stumbling into his open arms. "Oh!" she heard a voice from her left exclaim. Instinctively, she turned towards the source of the voice, but there was nothing to see. They were in complete darkness. "I see you're starting to get comfortable with the idea," he whispered breathily into her ear. She pulled herself together with a gasp. His hands grasped on either sides of her shoulders, holding her close to him. "I don't-" she began, but her breath caught. The music played peacefully in the background. She could hear the sound of cloth-

es being abandoned, falling swiftly to the floor. Close as he was, she realized she wanted him closer. She sensed a danger and an intensity in him that she had never encountered before. She allowed his hand to move behind her. The sound of her zip parting sounded too loud to her ears. She worried that everybody could hear and know what was happening, that he was undressing her. And she was letting him.

Subdue. Surrender. Submit. Six inexperienced young women fall to the charms six powerful alpha men in too-public-places. In these complete short stories, innocent women are brought to their knees by alpha men, billionaire bosses, and men in control. Dark Desires 7: Dominated In Public Dark Desires 8: Punished By Men Dark Desires 9: Billionaire Submission Dark Desires 10: Caught Exhibitionist Dark Desires 11: Punished In Public Dark Desires 12: Nun In Heat ~~~~~ PG Excerpt ~~~~~ Excerpt From ?Punished By Men?: "Dress shopping receipts total \$543." "What about that?" "That's not a business expense," he said, deadpanned. "You'll be liable for them." "What?" "That means you'll have to pay for the expenses." Her cheeks

burned red. "I know what liable means. I meant how am I supposed to pay for that?" "You should've thought of that before you spent all that money," he said, making a note in his folder. She felt her blood boil. He was being so unreasonable. There wasn't even a chance for her to defend herself! She thought she was just going to get fired and that would be the end of it. Instead he was enjoying himself pointing out all her indiscretions. There was no way for her to pay for that. She didn't have that much money to begin with. And he wasn't done. She didn't have time to feel sorry for herself since he started talking again. "\$246 for lingerie is not company expense." She cringed, but didn't respond. He stared at her, his face an expressionless mask that made her anxious and angry at the same time. It occurred to her that he was enjoying this a whole lot. She clenched her hands into tight fists. She wanted to punch the man in the face to shut him up. "Do you have anything to say?" he asked, though it sounded like taunting to her ears. She shook her head. "Good, because I'm not done," he said. She drew a deep breath and made herself comfortable in her seat. Her fingers fiddled

with the buttons on her shirt and she found herself getting incredibly warm. She undid the button on her collar, opening up her shirt a little so she could breathe. "The company certainly doesn't need a new violin or a sound system," he continued. She ignored him and slowly undid the second button. The shirt was beginning to feel too suffocating. She wanted it off. She waited for him to stop her but when he didn't, she continued. The third button revealed the cleavage between her breasts. A thought occurred to her and she spoke before she could tell her mouth to stop. "Did Jennifer get in trouble too?" His eyes dip down and she felt her chest flush in response to the attention. Let him look. He would be easier to deal with if he found her attractive. "Yes," he said simply. So Jennifer had been stealing company cash too. "How much did she spend?" she asked despite herself. "Too much." "More than I did?" she asked. His perfect full lips curved into a wicked grin that made her shiver. "What you spent is peanuts compared to the amount Jennifer took." "Oh," she gasped. Her heart swelled as she started believing she could get away with it. From his own words, he didn't think she took a lot. "What did you

do?" she asked. "Seized all her assets and threw her out on the streets," he said as if he was commenting on the weather. Cold sweat trickled down the sides of her face. Maybe she wasn't going to get away with it after all. "What do you want me to do?" she asked, her voice barely a whimper now. He closed the folder and put it down in front of him. That's a good sign. "Looks like we're finally getting somewhere," he said.

But then- "This is a mistake," Owen's voice was magnified in the silence. "Owen, what're you doing?" Cassie hissed, still keeping her smile pristine despite the panic in her eyes. "Cassie, I don't love you," he said with absolute conviction. "In fact, I don't think I've ever loved you." He spoke louder now and his words were broadcasted through the microphone. "And I don't think you've ever loved me," he said, looking at

 ~~~~~ Excerpt From ?Punished In Public?: Inwardly, Carl grinned. He had her exactly where he wanted her: At his mercy. He watched with quiet delight as Katrina's pretty young face turned crimson. She was so easy to toy with. She stood there, blue eyes wide and round, mouth agape, confusion all over her expression. Her breath came in short gasps. "I didn't steal that!" she gasped. "The proof is literally in my hands," he said. He had been watching her since the first day she showed up on his doors and coveted her the entire time. He yearned to bend her over his knee and spank her. It had to happen sooner or later, and today was finally the day. He came up with the plan to finally get her where he wanted her. It came to him when he was doing the books and realized there was money missing. Not a lot. A ten dollar bill here or there every month. He suspected Dexter. After all, his old friend had only got out of prison two year ago from robbing a grocery store. Dexter admitted to skimming money from the cashier when Katrina was entertaining customers almost immediately. He didn't see what the problem was since the store was

bringing in tens of thousands. Carl didn't mind covering the losses, but he formed a plan then. If he could accuse Katrina of doing what his friend had been doing, he would be able to convince the innocent young woman to do what he wanted. The only downside to his plan was that he had to get Dexter involved. He would much rather have Katrina all to himself, but needed Dexter to slip the perfume into her bag when she was busy tending to customers. He was also the one who slid the wad of cash into her bag. "Why don't you just admit it?" she said. "This will go easier for you if you do." "I didn't steal any of this!" she said. "Is there anything else on your body?" he asked. Her eyes widened even more and she looked thoroughly horrified. Instinctively, her arms wrapped around herself for protection, but there was no need for him to pry her arms open. He was going to make her give up. "I'm going to need to strip search you," he said. Katrina looked around, trying to find an escape. A tear fell from her eye and streamed down her cheek. "You can't do that. I'm innocent," she said He waved the perfume at her and the scent dispersed in the room. It was a pleasant scent, fruity with a musky

undertone. "The proof is right here," he said. "Would you rather I call the police?" he asked. Her bottom lip trembled and her arms fell uselessly to her side. "No," she whispered.

Investigator Sgt. Logan Farrell has never been convinced the human race deserves saving. But it looks like he's got the job anyway. It's been five hundred years since humans fled the remnants of a dying Earth

in search of a new home. Twenty-four ships, each carrying ten thousand Chosen Ones. All sleeping peacefully...until people start dying in cryo. Malfunction or murder? Katia Mendoza, hot-shot homicide detective, has been woken from cryo to assist with the investigation. But is she really interested in solving the case, or does she have her own agenda? Before he can answer that question, they become targets themselves. Nothing like a few near misses with death to bring a couple together, and Logan finds himself falling for the alluring detective. But he doesn't know that Katia is hiding a secret. It's not only humans who fled the dying Earth. Each book in the Dark Desires Origins series is BEST ENJOYED IN ORDER: Book 1: Malfunction Book 2: Deception Book 3: Insurrection

sires 1 - 6, from Lovers and Ropes to being Ganged in Public by Bikers and Police Searches that ends with orgasmic pleasures. ~~~~~ PG Excerpt ~~~~~ Excerpt from ?Dark Desires 2: Foursome?: What the hell had she agreed to? She pulled against the chains experimentally. She was chained tightly against the wall again. Nothing new for her. Only this time, she knew there were not one, but three men going to her. Three men at the same time. Or were they going to come save her at different times? She couldn't bring herself to imagine what it would be like to have all three men there at the same time. It must've been the money. The idea of being paid three times as much for essentially the same amount of work made her agree to something so... shameless. The thought did little to ease her beating heart. She knew damn well that it was because she wanted to experience the pleasures he gave her just a few months prior. She wanted to feel his hands on every inch of her body again. Pain and pleasure morphed into one in his presence. It was almost magical. Her head knew she was just going to feel hurt and empty again after he's done with her, but her body didn't

care. She wanted it more than she wanted to breathe. The anticipation sent a pleasant tingle through her body. Because of the unique nature of the quest, her manager was kind enough to warn her who her knights were before the game started. She smiled to herself as she remembered the brief meeting with the three men. They were all no-nonsense sort of men, telling her straight away that they had no qualms about sharing and intend to enjoy the game and then their reward whether or not she was ready for them. Her body gave an involuntary shudder at the thought. She was still having second thoughts when the lights turned off, warning her that the men were close. When the door opened, her heart nearly stopped. Electric tingles spread out from the tips of her hair to the bottom of her feet. The man did not speak, merely crossed the spaced between them and stood in front of her. Warren was the first to arrive, which shouldn't have surprised her since he had played the game before. He could see by her expression that she was torn. Yet, there was no way for her to turn around the run now that her hands and feet were literally chained to the wall. He grinned

and watched as her body squirmed in its prison. He knew she felt the crazy attraction between them as much as he did.

Dark Velvet "Looking for a sexy vampire novel? If so, then this is definitely a must buy!" "...insanely hot chemistry between the female protagonist Savannah & vampire Antoine. Their intensity starts off right away and you're not a chapter in before it takes off like a rocket." ~ Paranormal Romance Junkies "While it is a story about struggle, it is also about love; and doing whatever needs to be done to be with the one you are attracted to. I really enjoyed the dynamic between Gina and Dante. This story has the perfect

amount of witty banter, sex, and romance." ~ Books and Beyond Fifty Shades Dark Muse "Gina and Dante had chemistry galore! I liked that we get to be there for their first entertaining meeting and then watch their flirty attraction take off. It's a fast-paced tale and their relationship goes from sweet to very hot quickly! Dark Muse is not just a romantic tale. In addition to Gina's and Dante's love story, the island, itself, is not without danger." ~ Reading Between the Wines "A wonderful continuation of the Chateau Seduction Series. Involves the previous characters, but definitely a stand alone book as well. I love the new (to me) aspect of the paranormal. I often find hot sex scenes are put in merely to enhance the scene, but in these books the romance and sex intertwine and fit perfectly into the story." ~ Long and Short Reviews Dark Stranger \*\*\*\*\* FIVE

STARS \*\*\*\*\* - "I have read the first 2 books in this series and could not wait to get my hands on this one; and I was not disappointed. The thing I love most, is that while this is a story about paranormal creatures, you can still relate to the trial and tribulations that they go through. You can relate to how each character is feeling, even though you are nothing like them." ~ Books and Beyond Fifty Shades For readers of J. R.
