Enlightenment DBQ. Historical Context: The discoveries made in science during the 1500s and 1600s led European thinkers to raise questions about the conditions of human life itself. Many of the thinkers of the European Enlightenment moved away from medieval thinking toward more modern thoughts regarding government and the role of women in society.

Enlightenment DBQ

So the Scientific Revolution was not the work of Englishmen, or Frenchmen, or Italians alone. It was the work of Europeans. And, as we have seen, even they did not do it all by themselves. The Chinese, the Indians, the Persians, and the Arabs all gave something before it came about.
