Digital Signature. A digital signature is a validation to the authenticity of the documents sent by you to your customers. It is to let the receiver know that the document has been completely crafted by you and there were no changes during the transit. Note: This feature is supported only on the Zoho Books' Windows app.

To put it simply, electronic signature (or e-signature) is a broad term referring to any electronic process that indicates ac-

ceptance of an agreement or a record. A digital signature is one specific type of e-signature. Typical e-signature solutions use common electronic authentication methods to verify signer identity, such as an email address, a corporate ID or a phone PIN.
