This book is specifically devoted to qualitative research methods in fashion studies. It traces the history of fashion studies and provides readers with a guided introduction to the entire research process. It gives an overview of the key methodological approaches such as ethnography, semiology, and object-based research, and shows the student reader how "to do" research by combining ...

Another tip, which is inspired from some-

thing a London College of Fashion tutor taught, is to include research on something organic, a style of architecture, and an era of fashion in your research. This could be, for example, butterflies, ancient greek architecture, and the twenties.
