If you believe some news stories, the latest iPhone update (iOS 8) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 7) then you will most probably find it useful. If you are ready to learn read on!

iPhone 5 doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was

written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 5.1) then you will most probably find it useful. If you are ready to learn read on!

The iPhone 13 Pro is absurdly fast, has a killer camera system, the display is fantastic, and the battery life is longer than ever. The first thing you'll notice when you pick up an iPhone 13 Pro is just how smooth everything feels. Swipes, scrolls, interface animations... Apple was always good at this stuff, but the responsiveness and smoothness of the iPhone 13 Pro is on another level. The iPhone 13 Pro still carries IP68 water and dust resistance rating and is rated for up to 30 minutes at a depth of six meters. It's got the same Ceramic Shield front glass, too. There are all new sensors. This book explains the software and hardware operations of iPhone 13 pro with the new features that comes with iOS 15. In this guide, there are pictorial representations to aid understanding.
