Dunlop Motorcycle Tire Application Guide

Dunlop street tires have balance dots in the bead or sidewall area to indicate the lightest point of the tire. All Dunlop street tires should be installed with these balance dots at the valve. All Dunlop street tires also have arrows on the sidewall, which indicate the correct direction of rotation. Positioning of balance marks and inclusion of directional arrows are not universal among motorcycle tire manufacturers.

Care & Maintenance |Dunlop Motorcycle Tires- Street & Off ...

Many Dunlop motorcycle tire patterns have "reversed front patterns" compared to rear, because different forces act on front and rear tires. We test all Dunlop tires for satisfactory wet performance in the direction as indicated on the sidewall.
