What makes a hit a hit? In Hit Makers, Atlantic Senior Editor Derek Thompson puts pop culture under the lens of science to answer the question that every business, every producer, every person looking to promote themselves and their work has asked. Drawing on ancient history and modern headlines - from vampire lore and Brahms's Lullaby to Instagram - Thompson explores the economics and psychology of why certain things become extraordinarily popular. With incisive analysis and captivating storytelling, he reveals that, though blockbuster films, Internet memes and number-one songs seem to have come out of nowhere, hits actually have a story and operate by certain rules. People gravitate towards familiar surprises: products that are bold and innovative, yet instantly comprehensible. Whether he is uncovering the secrets of JFK and Barack Obama's speechwriters or analysing the unexpected reasons for the success of Fifty Shades of Grey, Thompson goes beyond the cultural phenomena that make the news by revealing the desires that make us all human. While technology might change, he shows, our innate preferences do not, and throughout history hits have held up a mirror to ourselves. From the dawn of Impressionist art to the future of Snapchat, from small-scale Etsy entrepreneurs to the origin of Star Wars, Derek Thompson tells the fascinating story of how culture happens - and where genius lives.

There were shadows I was running from. Ones that haunted and taunted. Ones that made it so I had no choice but to disappear. I'd spent years hiding from the world. My little island haven, the only assurance of safety. It all changed the moment he showed up at my door. The hint of pain in his eyes told me that something haunted him, too. And I couldn't help but be drawn closer. But finding the person I needed most came with risks I never expected. And when our ghosts find us again, neither of us may make it out this time. ***** Read what reviewers are saying about Reckless Refuge: "Addictive, truly suspenseful, and utterly romantic, this is a top read of the year!" - Samantha Young, New York Times Bestseller "Beautiful, emotional and riveting. I never intended to pick up a naked hitchhiker wearing nothing but a guitar. A guitar. Really. I don't collect guys like that (don't ask what kind of guys I do collect), but when you spot a blonde, tanned, sculpted man with a gorgeous smile and his thumb poking up and practically begging you to stop - you stop. And I definitely never thought I'd be staring into the bright blue eyes of Trevor Connor, the lead singer for Random Acts of Crazy, an indie rock star I followed like the slobbering fileshare fangirl I am. How he came to be nude and lost six hundred miles from home is quite the tale, but how we fell in love is even more unreal. Because someone like Trevor Connor, headed to Harvard Law next year, isn't supposed to want someone like me, a rural Ohio chick majoring in Boredom at Convenience Store University who is all curves and frizzy blonde hair and manners so unpolished they have sharp edges that make you bleed. But he did. When his best friend, Joe Ross, the bass player for Random Acts of Crazy and a man who makes Calvin Klein models look like Shrek, drove eleven hours through the night to rescue him, though, it got real complicated. It's one thing to like two different guys and be torn. What do you do, though, when maybe - just maybe - you don't have to choose?

Literary ombudsman John Crace never met an important book he didn't like to deconstruct. From Salman Rushdie to John Grisham, Crace retells the big books in just 500 biting satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions to Big Ideas, as he turns publishers' golden dream books into dross. In the grand tradition of Tom Lehrer and Stan Freberg, Crace takes the books that produce the most media hype and retells each story in its author's inimitable style. Philip Roth, Don DeLillo, Margaret Drabble, Paul Auster, Alice Sebold, John Updike, Tom Wolfe, Ruth Rendell, A.S. Byatt, John LeCarre, Michael Crichton and Ian McEwan all emerge delightfully scathed in this book that makes it easy to talk knowingly about books you've never bothered to read or, for that matter, should have.

"Twitty makes the case that Blackness and Judaism coexist in beautiful harmony, and this is manifested in the foods and traditions from both cultures that Black Jews incorporate into their daily lives...Twitty wishes to start a conversation where people celebrate their differences and embrace commonalities. By drawing on personal narratives, his own and others', and exploring different cultures, Twitty's book offers important insight into the journeys of Black Jews."—Library Journal "A fascinating, cross-cultural smorgasbord grounded in the deep emotional role food plays in two influential American communities."—Booklist The James Beard award-winning author of the acclaimed The Cooking Gene explores the cultural crossroads of Jewish and African diaspora cuisine and issues of memory, identity, and food. In Kosher soul, Michael W. Twitty considers the marriage of two of the most distinctive culinary cultures in the world today: the foods and traditions of the African Atlantic and the global Jewish diaspora. To Twitty, the creation of African-Jewish cooking is a conversation of migrations and a dialogue of diasporas offering a rich background for inventive recipes and the people who create them. The question that most intrigues him is not just who makes the food, but how the food makes the people. Jews of Color are not outliers, Twitty contends, but significant and meaningful cultural creators in both Black and Jewish civilizations. Kosher soul also explores how food has shaped the journeys of numerous cooks, including Twitty's own passage to and within Judaism. As intimate, thought-provoking, and profound as The Cooking Gene, this remarkable book teases the senses as it offers sustenance for the soul. Kosher soul includes 48-50 recipes.

From its beginnings in Twilight fan-fiction to its record-breaking sales as an e-book and paperback, the story of the erotic romance novel Fifty Shades of Grey and its two sequels is both unusual and fascinating. Having sold over seventy million copies worldwide since 2011, E. L. James's lurid series about a sexual ingénue and

the powerful young entrepreneur who introduces her to BDSM sex has ingrained itself in our collective consciousness. But why have these particular novels—poorly written and formulaic as they are—become so popular, especially among women over thirty? In this concise, engaging book, Eva Illouz subjects the Fifty Shades cultural phenomenon to the serious scrutiny it has been begging for. After placing the trilogy in the context of best-seller publishing, she delves into its remarkable appeal, seeking to understand the intense reading pleasure it provides and how that resonates with the structure of relationships between men and women today. Fifty Shades, Illouz argues, is a gothic romance adapted to modern times in which sexuality is both a source of division between men and women and a site to orchestrate their reconciliation. As for the novels' notorious depictions of bondage, discipline, and sadomasochism, Illouz shows that these are as much a cultural fantasy as a sexual one, serving as a guide to a happier romantic life. The Fifty Shades trilogy merges romantic fantasy with self-help guide—two of the most popular genres for female readers. Offering a provocative explanation for the success and popularity of the Fifty Shades of Grey novels, Hard-Core Romance is an insightful look at modern relationships and contemporary women's literature.
