In Philadelphia, nothing is the same after a deadly shooting has everyone on edge and revenge is in the air.

In this, his fourth big cookbook, the award-winning chef John Besh takes another deep dive into the charm and authenticity of creole cooking inspired by his hometown, New Orleans. Besh Big Easy: 101 Home-Cooked New Orleans Recipes, is a fresh and delightful new look at his signature food. Besh Big Easy will feature all new recipes and easy dishes, published in a refreshing new flexibound format and accessible to cooks everywhere. Much has changed since Besh wrote his bestselling My New Orleans in 2009. His restaurant empire has grown from two to twelve acclaimed eateries, from the highly praised Restaurant August to the just opened farm-to-table taqueria, Johnny Sanchez. John's television career has blossomed as well. He's become known to millions as host of two national public television cooking shows based on his books and of Hungry Investors on Spike TV. Besh Big Easy is dedicated to accessibility in home cooking and Orleans cuisine. "There's no reason a good jambalaya needs two dozen ingredients," John says. In this book, jambalaya has less than ten, but sacrifices nothing in the way of flavor and even offers exciting yet simple substitutions. With 101 original, personal recipes such as Mr. Sam's Stuffed Crabs, Duck Camp Shrimp & Grits, and Silver Queen Corn Pudding, Besh Big Easy is chock-full of the vivid personality and Louisiana flavor that has made John Besh such a popular American culinary icon. Happy eating!

Forty years after the end of civilization... The author of the acclaimed post-apocalyptic novel The Old Man and the Wasteland returns! Amid the remains of a world destroyed by a devastating Global Thermonuclear Armageddon, barbaric tribes rule the New

American Dark Age. A boy and his horse must complete the final mission of the last United States soldier, and what unfolds is an epic journey across an America gone savage.

The emerging asteroid mining industry has extremely ambitious intentions. It is within the realm of possibility that their work may usher in a change in global economics as profound as the Industrial Revolution. As may be expected, press reports dealing with asteroid mining have been numerous, ranging in scope from short and breezy to broad and serious, and in quality from accurate to impressionistic to simply uninformed. There is good reason to be curious about what may be the biggest game-changer in human economic history. And there is good reason to look closely at the underlying science and engineering that form the foundation of this work.

Britain, in the mid 21st century. A new prime minister, Lev Solokov is elected. In spite of his Russian surname, he is the charismatic politician who, on the surface, appears to be just what Britain needs. But he's not what Gavin needs. Gavin is a Pustoy, a human who, among countless others, Solokov's researchers has declared a soulless, subhuman race. Solokov joins a dark lineage of genocidal tyrants that have gone before him. In synthesizing his own race to persecute others, perhaps he has succeeded in a horror more insidious than any of his forebears, especially as he appears to have done so with both overwhelming public blessing and encouragement. Or at least he would have, if not for the increasing din of the Pustoy protesting outside his offices. Chosen at random owing to his position as a forefront campaigner for the rights of the Pustoy, Gavin is framed for a crime he didn't commit and is forced to go on the run, and so Solokov in one fell swoop kills any budding sympathy the people may have had for the Pustoy, and would appear to have silenced one of his loudest protestors. Just who are the Pustoy of this world? The persecutors or the persecuted? Will Gavin remain a hunted scapegoat? Is Solokov acting for the greater good; are the Pustoy really devoid of a soul? More importantly, how far away is this future, really? Phillippe Blenkiron's conceptual poetry collection demands these questions of the reader, whilst offering an unflinching examination of the human psyche, exploring the clouded moral hues between black and white, between right and wrong, that exist inside all of us. For fans of "1984," "Brave New World," and other greats of dystopian fiction, Philippe Blenkiron's debut poetry collection is shocking, unsettling, and closer to real-life than we dare admit...

A guide by two pediatricians who have raised eight children together discusses self-esteem, spanking, divorce, single parenting, travel, and baby-sitting, and offers advice on how to prevent, as well as stop, problem behavior. Tour.

Ever since its establishment by USDA regulation in the mid-1980s, the Institutional Animal Care and Use Committee (IACUC) has evolved as the premier instrument of animal welfare oversight within research institutions in the United States. As biomedical research continuously grows, the role and impact of the IACUC has increased in scope and complexity. The IACUC Handbook has become "the Bible" for individuals when the time comes for them to serve on their institution's IACUC. It provides a foundation for understanding and implementing the many and varied responsibilities of this committee. This Third Edition comprehensively addresses the significant changes in the pertinent regulatory environment and interpretation of applicable federal laws, regulations, and policies. It provides multiple references and commentary on the new edition of the Guide for the Care and Use of Laboratory Animals, the new AVMA Guidelines for the Euthanasia of Animals: 2013 Edition, and the Office of Laboratory Animal Welfare's Frequently Asked Questions. The Third Edition also features an updated survey of IACUC practices from institutions around the United States, offering wisdom gained from their experience. In addition, it includes a chapter that provides an international perspective on how animal welfare reviews can function in other countries.

Captain D. Michael Abrashoff, legendary commander of the USS Benfold, continues in the same vein of his bestselling book *It's Your Ship* with the knowledge he's gained from his speaking to and advising some of the top business minds in the world. The story of Captain Abrashoff and his command of USS Benfold has become legendary inside and outside the Navy. By governing his ship with his unique management techniques, Abrashoff turned the Benfold into a model of naval efficiency, with amazing cost

savings, the highest gunnery score in the Pacific Fleet, and a highly motivated and top performing crew. In *It's Your Ship*, he first demonstrated how to bring his successful management techniques from the ship to the boardroom. Now, in his newest book *It's Your Ship*, in the same rugged, can-do voice, Abrashoff will focus on the leadership, motivational, and management insights and tips

that he has learned from his last six years of addressing business and corporate audiences. Abrashoff's timely advice will be eminently prescriptive, and will feature anecdotes and insights from leaders of businesses large and small and from public and non-profit sectors.
