The eagle will fly to some high spot and wait for the winds to come. When the storm hits, the eagle sets its wings so that the wind will pick it up and lift it above the storm. While the storm rages below, the eagle is soaring above it. The eagle does not escape the storm.

Birds: Do eagles fly above the cloud level when it rains ...

An eagle uses the storm's wind to lift himself higher, far above the clouds. In the meantime, all the other birds hide in the leaves and branches of the trees. Principle : We can use the storms of life to rise to greater heights. High achievers thrive on challenges and use them profitably.

"Eagles in the Storm completes Ben Kane's magnificent trilogy on the the Battle of Teutoburg... the definitive fictional

account...it concludes perfectly...an extraordinary talent...This is brilliant storytelling from an author who is steeped in the history of the Romans" (The Winter's Nights)

Eagles in the Storm (Eagles of Rome #3) by Ben Kane

Amazon.com: Eagles in the Storm (Eagles of Rome ...

Eagles in the Storm. AD 15. The German chieftain Arminius has been defeated, one of the lost Roman eagles recovered, and thousands of German tribesmen slain. Yet these successes aren't nearly enough for senior centurion Lucius Tullus. Not until Arminius is dead, his old legion's eagle found and the enemy tribes completely vanquished will he rest.

Eagles in a Storm | Inspirational Stories, Quotes & Poems

Eagles in the Storm is a work of fiction, but is peopled by historical characters and based on events in north-western Germany during AD 15 and 16. I hope you will want to lose yourself in this amazing story, and to march through the muddy bogland with Tullus and his legionaries as they fight for their lives against Arminius and his murderous horde - and

search for their legion's lost eagle.' When a storm hits, it sets its wings so that the wind will pick it up and lifts it above the storm. While storm rages below the eagle is soaring above.

Athapaskan myths portrayed eagles as the deliverers of people from famine. A prince who gave an eagle a salmon during time of plenty was repaid in the lean year that followed by grateful eagles who first dragged salmon, then sea lions, and eventually whales to shore in gratitude for the prince's kindness.

Do you know what eagles do when a storm is approaching?

The eagle will fly to some high spot and wait for the winds to come. When the storm hits, it sets its wings so that the wind will pick it up and lift it above the storm. While the storm rages below, the eagle is soaring above it. The eagle does not escape the storm. It simply uses the storm to lift it higher. It rises on the winds that bring the storm.

The eagle does not escape the storm. The eagle simply uses the storm to lift it higher. It spreads its mighty wings and rises on the winds that bring the storm.

In *EAGLES IN THE STORM*, author Ben Kane wraps up a trilogy about the loss of fifteen thousand Romans and their legion Eagles to a Germanic tribal federation led by the renegade Arminius. In some ways, I think it's the most interest-

ing of the three novels.
