Classic Papers in Natural Resource Economics brings together a choice selection of some of the most enduring academic writing published in this field in a single volume. The fourteen papers included in this book are grouped into five sections: the intertemporal problem; externalities and market failure; property rights; institutions and public choice; the economics of exhaustible resources; and the economics of renewable resources. Each section represents a major area in natural resource economics. Written by distinguished resource economists, the papers in this volume probe, analyze and illuminate the central issues of the discipline.

The 2013 IB HL Economics syllabus change introduced Paper 3, an essentially calculations-based assessment. This development challenged teachers and students alike, as few Paper 3 practice resources have been available. This is furthermore an area of the syllabus where, as in Mathematics, practice is fundamentally important in developing the skills and confidence for needed for success. Paul Hoang's latest publication therefore represents an invaluable resource in helping students to prepare for the examination challenges they face. For many candidates the mix of words, theory and numbers in Paper 3 questions can be overwhelming, if they have not developed easy familiarity throughout their course. With clear layout and content that beautifully mirrors IB examination questions, this resource is the one we have all been waiting for. I absolutely recommend it as a 'must have' for all those who are preparing for the HL Economics examination. IT is a core resource invaluable to students and teachers alike. Janet Barrow, IB Economics Teacher, OSC Teacher, IB Examiner, author of IB Business Management and TOK teacher resources 20160615

The first-of-its-kind sample paper booklet, i.e., one incorporating not only the practice papers but also the basic concepts for each chapter, is here. Some salient features of this book are as follows: 1. This sample paper booklet begins with basic concepts about each chapter, providing a snapshot of the entire chapter. The practice papers in this booklet are designed per the specimen paper released by the CBSE board to give its readers an edge over the others in preparing for the CBSE examinations in 2023. It hence facilitates the purpose of last-minute revisionary notes needed by the students. 2. To help students practice and evaluate their understanding, detailed solutions of the CBSE-released sample paper have been incorporated in this booklet, along with 15 sample papers. Out of these 15 sample papers, five papers include detailed step-by-step solutions, and the remaining ten papers are for practice of the students (answers for objective type questions and numerical have been included for these practice papers). 3. A blueprint based on the specimen paper released by the CBSE Board has also been included in this booklet to enable the students to gauge

the unit-wise weightage and the marking scheme of the paper. 4. Effort has been made to model each practice paper based on the CBSE released sample paper hence all typology of questions that are to be tested in the annual examination 2023 (both objective and descriptive type questions)

have been included. 5. Special emphasis has been laid to include the new typology of questions in each paper, i.e., matching-type, reason and assertion-based, statement-based, case-based, and da-

ta interpretation-based miscellaneous questions. 6. This book is a one-stop destination for all the subject matter required for the final revision to ace the annual exam of economics. Your guide to annual exams 2023 is now "Simplified"!
