## 3JL3YS - GONZALEZ SIENA

This workbook is designed to build proficiency in algebra for students who want to progress beyond algebra at Level 2, or achieve a GCSE Mathematics Grade A or A\*, or move with confidence into AS Mathematics.

Written by an expert author team of BTEC teachers and professionals, this Student Book includes: full coverage of all three components, structured to match the specification content broken down into 1 hour lessons to help with your planning and delivery plenty of case studies and examples that students can relate to additional features including key terms, 'did you know' sections and plenty of assessment practice

The aim of this book is to provide comprehensive coverage of topics in Unit 1 of the BTEC Level 3 course in Information Technology in an interesting and approachable manner. If you are studying this course, you need to notice, read about, experience and analyse the impact and implications of current and emerging digital technologies. Examples and case studies from scenarios and events that have recently been in the news are used to bring the subject to life. Reading and discussing articles from quality newspapers, whether printed or online, discussing relevant TV documentaries, noticing and analysing the use of digital technology in countless aspects of life, as well as learning from a textbook, are all going to contribute to a successful exam result. The book is divided into six sections corresponding to the six Learning Aims outlined in the specification, complementing each of the PG Online teaching resource packs. These sections are divided into between four and eight chapters, each containing material that can be covered in one or two lessons. The chapters have in-text questions which can be used as discussion points in a lesson. An extra chapter at the end of Learning Aim B on "Drawing System Diagrams" will be useful for students faced with a question on the exam for which they are required to draw such a diagram. In addition to almost 100 in-text questions and discussion points, there are over 80 end-of-chapter exercises that are designed to give practice in answering exam-style questions, using command words such as state, describe, ex-

plain, analyse. As much practice as possible is needed in answering such questions and getting feedback from the teacher so as to understand how to gain the maximum possible marks in the final exam.

Priced to meet both your budget and your students' - at only £2.49 (RRP £5.99) for a print copy. Each book contains three complete sets of practice papers with full worked solutions and hints and notes on the marks allocated directly alongside the relevant steps of the solution, so your students can make most sense of them and build their confidence. Designed to survive the rigours of the classroom and home, all the papers are bound into a durable book. Accessible write-in format allows students to take an active role in their revision. Get any print edition of the Practice Papers for the school price of just £2.49 (RRP £5.99) when ordering online. That's a 50% discount on the retail price! Just quote 16REVCC when prompted at the checkout. Please note: Specification changes to Unit 3 were announced by Pearson in late May 2021. These changes will apply to learners sitting Unit 3 exams from January 2022 and onwards. This means that Unit 3 within this book does not now match the revised specification. Units 4,5,6 and 7 within this book remain unchanged. There is a new Book 2 Revised Edition for the revised Unit 3 specification coming in Spring 2022. / Written by Cara Flanagan and other leading authors, two books support the Pearson BTEC Level 3 National in Applied Psychology and are endorsed for BTEC. / Book 2 covers the Extended Certificate Units and Book 1 covers the Certificate Units. The Extended Certificate comprises of four units - the Certificate Units plus Health Psychology and one optional unit. / Each book provides knowledge and evaluation of theories and studies combined with many engaging activities to deliver the vocational element; / Activities aim to prepare you for internal and external assessments; / A brilliant visual style and tone will encourage you through every step of the course.

Set in the final, numbered, days of an orphanage in the Warsaw ghetto in 1942, this play is based on real events. It's 'alienation' device of depicting its characters through the use of dolls, further enhances our painful feeling of powerlessness. Yet, in spite of its tragic outcome, it leaves us uplifted by the power of love.

Shows what examiners are looking for in the GCSE coursework and in the exam. This resource provides coverage of the specification so that teachers can deliver the course with confidence and students can approach assessment fully prepared. It includes activities and case studies throughout to engage students with this subject.
