¿Qué conocemos verdaderamente acerca de ésta asombrosa estructura? ¿Por qué hemos contemplado únicamente su cuerpo físico? ¿Cómo es su cuerpo multidimensional? ¿No es cierto que todo lo que existe en el Universo se sustenta gracias a un equilibrio entre lo masculino y lo femenino? Tiene entre sus manos la primera publicación científica sobre la Geometría Sagrada de la denominada Gran Pirámide de Guiza. Tras más de 2 años de investigación, innumerables horas de labor y viajes a Egipto y Etiopía, Iván Paño nos invita en esta obra a través de numerosas ilustra-

ciones, imágenes y datos precisos, a observar con detenimiento más allá de la limitada percepción física para hallar el Conocimiento. Gracias a la decodificación del arquetipo más influyente de nuestra civilización, la Estrella de David, a las propiedades algebraicas del número áureo y al estudio del campo fractal de este cuerpo geométrico, se abren las puertas a un antiguo conocimiento perdido en la noche de los tiempos. Este libro excepcional es un punto de inflexión en la manera que comprendemos a ésta construcción y a nosotros mismos. .  
Yogananda-author of Autobiography of a

Yogi-a spiritual master and master poet, whose spiritualized poems reveal the hidden divine presence behind everyday things that will transform consciousness and accelerate spiritual growth.  
The birth of Jesus has been well chronicled, as have his glorious teachings, acts, and divine sacrifice after his thirtieth birthday. But no one knows about the early life of the Son of God, the missing years - except Biff, the Messiah's best bud, who has been resurrected to tell the story in this divinely hilarious, yet heartfelt work 'reminiscent of Vonnegut and Douglas Adams' (Philadelphia Inquirer). Verily, the story

Biff has to tell is a miraculous one, filled with remarkable journeys, magic, healings, kung fu, corpse reanimations, demons, and hot babes, Even the considerable wiles and devotion of the Saviour's pal may not be enough to divert Joshua from his tragic destiny. But there's no one who loves Josh more - except maybe 'Maggie,' Mary of Magdala - and Biff isn't about to let his extraordinary pal suffer and ascend without a fight.

"The words of Lord Krishna to Arjuna in the Bhagavad Gita," writes Paramahansa Yogananda, "are at once a profound scripture the science of Yoga, union with God, and a textbook for everyday living." The Bhagavad Gita has been revered by truth seekers of both the Eas...

This book is addressed to serious Biblical students, Christians who are interested in comparing Eastern spiritual teachings with those of Christianity, and students of spiritual Yoga, otherwise known as Classical Yoga and Tantra, as well as students and practitioners of meditation and other spiritual disciplines. The discoveries of ancient

manuscripts, and their analysis by independent critical scholars using scientific methods, provide much insight into the original teachings of Jesus. The sayings of Jesus, circulated orally during the first decades following his crucifixion are probably the most authentic source of his teachings that we have available today. These sayings are limited to a few dozen parables, aphorisms and sharp retorts, which were repeated in the oral tradition for two or three decades before they were eventually recorded by the anonymous writers of the Gospels. Remarkably, what Jesus taught through his parables and sayings exactly parallels the yogic teachings of the Yoga Siddhas. For those seeking to apply the wisdom of these sayings in their own life, the implications are clear. Seek not to know about God; instead, seek to know God through higher states of consciousness.

YOGA significa «Unión» ¿qué otro anhelo embarga a un místico si no es esta unión con la Divinidad, más allá de su cultura o tradición espiritual? Aunque las formulaciones, las prácticas e incluso las vivencias sean diferentes, el objetivo es el mismo

para todos los espirituales, y en su camino se pueden reconocer hitos comunes. La comparación entre el Yoga y el Cristianismo obliga a una comprensión profunda de estas dos grandes expresiones de la espiritualidad, que es ya, en sí misma, muy enriquecedora para quienes saben deshacerse de los prejuicios.

Contains selected excerpts from Paramahansa Yogananda's book "The Second Coming of Christ: The Resurrection of the Christ Within You," which book is a commentary on the New Testament gospels and noncanonical source material, focusing on the quest to uncover the original teachings of Jesus.

Sequel to Jesus and the Essenes. The past-life memories of two women capture a true and compelling portrait of Jesus the man, from the healing miracles he performed to the gentle philosophy he preached. This is an INSIDER view, direct from Jesus' time, deep in feeling tones and profound in implications, giving a sense of how things truly were. This book includes drawings of the Temple and Old Jerusalem, and includes scenes at the Temple in Jerusalem, visits to homes and leper colonies, political intrigues leading to the

crucifixion, and also the personal feelings of those who met him. The realism of this information is astounding.

Relevant to nonconformist Christians, this book explores the transformative and often overlooked implications of Christ's teachings. The author shows the possibility to still be surprised by the sayings of Christ—to rediscover "the Way" as a liberating path toward freedom. What Christ Said delivers an absorbing experience, rich in unexpected turns and insights to ponder and meditate into. Taking the New Testament text as the raw material, the author builds a coherent picture of Christ's Way in which themes such as Fire, Life, Light, and Consciousness take the central stage. This

work also offers a very personal contribution to scholarship: a provocative hermeneutics focused on truth and freedom, echoing the efforts of the apostles, early Christians, the fathers, and the mystics to reconcile the sayings of Jesus with their own experience—mystical and worldly. Infused with poetry and mysticism, yet without compromising theological and intellectual rigor, each chapter makes the reader a participant in explorations evocative of a Christ-like apprehension of life and reality. This inquiry reflects mental and emotional patterns that keep us bound, at the same time providing a path through which the Christian Way could be inspiring—in an original and sometimes radical manner.

For almost two millennia, the story of Jesus has shaped the lives of countless people. Yet today, even though the majority of us grew up in a culture suffused by the mythos of Jesus, many of us feel disconnected from the essence of his teachings. With *Resurrecting Jesus*, Adyashanti invites us to rediscover the life and words of Jesus as a direct path to the most radical of transformations: spiritual awakening. Je-

sus crossed all of the boundaries that separated the people of his time because he viewed the world from the perspective of what unites us, not what divides us. In *Resurrecting Jesus*, Adya embarks on a fascinating reconsideration of the man known as Jesus, examining his life from birth to Resurrection to reveal a timeless model of awakening and enlightened engagement with the world. Through close consideration of the archetypal figures and events of the Gospels, Adya issues a call to "live the Christ" in a way that is unique to each of us. "When the eternal and the human meet," writes Adya, "that's where love is born—not through escaping our humanity or trying to disappear into transcendence, but through finding that place where they come into union." *Resurrecting Jesus* is a book for realizing this union in your own life, with heart and mind wide open to the mystery inside us all. With an all-new foreword by Episcopalian priest and scholar Cynthia Bourgeault.

Jesus es el personaje mas enigmatico de toda la historia de la cristiandad, y sobre el que mas se ha escrito. Estudiado por cientos de investigadores, una parte de su vida siempre se ha mostrado como un mis-

terio infranqueable. Ahora, cuando ya parecía que no quedaba nada por descubrir, aparecen nuevos testimonios que revelan donde estuvo durante ese periodo del que nada se sabe. Sorprendentes revelaciones que prueban, además, que no murió en la cruz, sino que continuó viviendo hasta fallecer en la India a una edad muy avanzada. Una amplia y documentada investigación, en la que se ponen de manifiesto aspectos absolutamente esenciales para conocer y entender el verdadero significado de la figura más representativa de la historia de la humanidad.

Also, Yogananda's original translation of the Bhagavad Gita into English is included in uninterrupted sequential form"--Provided by publisher.

Hay tres textos sagrados (es decir, que comunican la palabra de Dios) sobre el Yoga: Bhagavad Gita, los Yoga Sutras de Patan-

jali y el Yoga Hatha Pradipika de Svatmarama. Estos establecen caminos completamente diferentes: amar a Dios, autoconocimiento y salud. En este libro, se muestran los Yoga Sutras en particular como algo muy extraño. Hay un texto que es la base del cristianismo: la Biblia. Una versión de la Biblia se diferencia de otra. Ha sido sujeta a complejas influencias teológicas y políticas a través de los milenios. Incluso en el Nuevo Testamento, Jesús dice algunas cosas agradables, pero también algunas cosas tontas. El cristianismo brinda un cuarto camino, seguir a Jesús. Hay un texto sagrado que es la base del Islam: el Corán. El Islam es un quinto camino, "para rendirse a Dios y servirle". Tanto el Gita, el Corán como los Yoga Sutras establecen que uno tiene que rendirse a Dios para avanzar sobre su camino de vida. El Hatha el yoga es preparatorio a esto. Todos ellos dicen que tienes que servir a la humanidad a diferencia de la Biblia y los textos de Yoga, aunque Gita y Corán no te piden creer en la magia. El autor, con 57 años de práctica de yoga, con 40 años de experiencia en la enseñanza del yoga y un estudio profundo de estos textos, ha escrito este libro desde la perspectiva de un practicante

del yoga. Él rindió su cuerpo, mente y alma a Dios en 2002 y desde entonces ha estado practicando el yoga Bhakti, con la idea de servir a Dios al ayudar a toda la gente agradable con la que él se encuentra a ser feliz. En este libro él muestra que los textos diferentes destacan caminos diferentes que quizá desees seguir: tienes que escoger. Independientemente del camino que escojas, encontrarás que el yoga Kundalini (Iyengar) te ayudará a servir a Dios mejor, por medio de ayudarte a mejorar tu salud y a mantenerla. El autor espera que este libro te ayude a encontrar tu camino de vida, a progresar en ello (usando Kundalini o Iyengar yoga) y que te ayude a solucionar cualquier problema que puedas tener en tus campos de energía física, sexual, emocional, amorosa, mental, espiritual o divina y a ser más feliz. eben estar relajados. uda. Esta obra no es un manual de dietética. En ningun momento se trata la dieta, pues

para el autor, lo esencial no es tanto el saber qué o cuánto comer, sino cómo comer, sino cómo comer, cómo considerar la alimentación. El lector se sorprenderá quizás por la originalidad de un pensamiento que intenta por todos los medios desproveer el acto de comer de su banalidad cotidiana, hasta llegar a darle el significado místico que pudo alcanzar en la Santa Cena. Incluso aquél que se sienta extraño frente a este aspecto espiritual, comprenderá que por su manera de considerar la alimentación, le es posible penetrar con mayor profundidad el misterio de las relaciones entre el hombre y la naturaleza, puesto que es la naturaleza la que alimenta al hombre, y éste, con sus pensamientos y sentimientos, puede captar en este alimento los elementos más sutiles que contribuirán al total desarrollo de su ser. Religion or faith in fundamental principles is the foundation upon which the edifice of reasoning or science is built upon. While it is a religion that binds us into courses of action consistent with those fundamental principles, it is a science that enables us to stay clear of inconsistent systems of guiding principles and to practically attain the goals posited by our principles. The Sci-

ence of Religion by Paramahansa Yogananda arrives by analysis at inner happiness or bliss as the goal that binds all men.

This book addresses the need to create an "axiological epistemology". This term refers to knowledge of what is axiological, i.e. everything related to human values, and the know-how on how to manage the study of values. In knowledge societies, we know and live axiological projects that we do not receive from anyone, but that we must construct ourselves in a situation of continuous change. In view of the fact that the axiological crisis in which we are immersed is the most serious one that humanity has suffered over its long history, the seriousness and urgency of the issue in question is evident. Adequate knowledge is required to solve this problem,

which is at the root of all the problems we are experiencing. This work offers a potential solution that, in contrast to the past, cannot be definitive, but must be transformed throughout the continuous changes to ways of life as a result of technoscience. It will prove of great value to all those who must operate within human values and motivate groups, as well as to those interested in spirituality.

Albert Einstein "Cuando la bondad desfallece, cuando la maldad aumenta, cuando se olvida el propósito de la vida. Gita IV 7-8 Ante la inminente guerra entre dos clanes familiares, el guerrero Arjuna se niega a matar a sus contrincantes. Sri Krishna, la encarnación de Visnú, en un estremecedor diálogo, le explica cuál es su deber: "Actúa sin apego; firme en el yoga, la imparcialidad de la mente". BKS Iyengar El Gita fue la inspiración de Gandhi en la independencia pacífica de India y de importantes personalidades occidentales, desde Schopenhauer a George Harrison, e hindúes como Sri Ramakrishna o Swami Sivananda; incluso es un modelo de referencia empresarial y de liderazgo.
