The British Empire is typically considered the next major phase of English's spread. As England invaded regions around the world and established colonies, it brought English with it. Today, English is the third most common primary language in the world, right behind Mandarin Chinese and Spanish.

After developing for almost a millennium on the British Isles, English was taken around the world by the sailors, soldiers, pilgrims, traders and missionaries of the British Empire. By the time anything resembling a language policy was introduced, English had already reached all corners of the globe.
