There has been much opinion and little fact written on the subject of lock picking. It is the purpose of this book to clarify the facts about this delicate process, and at the same time to train you in proper procedure. Reading this book is certainly enough to get you started picking simple locks, but remember: a great deal of time and patience are needed to become a truly proficient locksmith. In this volume, you will learn the fundamental theories of lock picking in addition to proper terminology, the importance of tool design (i.e. how to select and use the right tool for a given job), the effects of tolerances, and finally the techniques most commonly used by locksmiths to successfully pick the vast majority of standard pin and wafer tumbler locks. Lock picking is a useful, engaging, and satisfying skill; with this book and a little determination, you'll be off to a great start.

How Do We Become Free and Enter into the Mystery of Life? The Fourfold Path takes us on a healing journey inspired by the philosopher Plato and his teachings on how to know yourself by transcending all limitations within the human space. The model of transcendence leaves behind the metaphors we live by to pioneer humankind into the deepest and most powerful gnosis ever attained through the love of wisdom. Through transcendence, you can discover how to free yourself from the suffering that obstructs the complete vision of the soul. You can heal from the unconscious processes and go beyond the limitations of the ego. Once you have learned the Path, you can attain enlightenment and become like God, and attain the characteristics of divinity, immortality, and bliss. Transcendence is basic to all human cultures who move through the limitless possibilities given to humankind to evolve using the wisdom of the mind and the wisdom of the heart. This wisdom invites us to go deeper and move from self-realization to knowledge of God. Life itself inspires this change through the experiences of love, birth, death, miracles, blessings, and family. True enlightenment occurs when we process these life experiences as lessons on a soul journey that initiate a spiritual awakening. It is as simple as arguing that there are two identities: a true self and a false self. Philosophy is the means to know the difference between the two, while transcendence is the path that can lead humankind to know the truth. When humankind comes to know their true selves, they will be set free from suffering. This is the ascent toward what Plato called The Good, which many believe is also called God. The Fourfold Path shows us how to leave

behind the limitations of the human space to discover a sacred place in communication and communion with Spirit, so you can become one with God and find true happiness.

It's scones and scandal for Indigo Tea Shop owner Theodosia Browning in the latest from the New York Times bestselling author of *Steeped in Evil...* Normally Theodosia wouldn't attend a black tie affair for all the tea in China. But she can hardly say no to her hunky, handsome boyfriend, Max, who directs public relations for the Gibbes Museum in Charleston. Max has organized an amazing gala opening for an exhibit of a genuine eighteenth century Chinese teahouse, and the crème de la crème of Charleston society is invited. In the exotic garden staged in the museum's rotunda, a Chinese dragon dances to the beat of drums as it weaves through the crowd. The guests are serenaded by a Chinese violin as they sample an assortment of tempting bites. And to give them a memento of the occasion, there's even a photo booth. But Theodosia makes a grim discovery behind the booth's curtains: the body of museum donor Edgar Webster. While Theodosia prefers tea service over the service of justice, this case is difficult to ignore—especially after Max becomes a suspect. Now she must examine the life of the fallen philanthropist and find out who really wanted him to pay up... INCLUDES DELICIOUS RECIPES AND TEA TIME TIPS!
