The hilarious first book in a middle-grade fantasy trilogy about the magical rivers that run through the sewers of London and shape history in ways you'd never learn in school. Magic is real. History is a big, fat lie. Before Hyacinth Hayward moves from Illinois to London, she reads up on the city's history. Too bad for her. Because the books are wrong. The truth is, London was built on magical rivers, and all the major events in its past have been about people trying to control the magic. Hyacinth discovers this when her mom is kidnapped. In the chase to get her back, Hyacinth encounters a giant intelligent pig in a bathing suit, a boy with amnesia, an adorable tosher (whatever that is), a sarcastic old lady, and a very sketchy unicorn. Somehow Hyacinth has to figure out who to trust, so she can save her mom and, oh yeah, not cause a second Great Fire of London.

Forget cute fairies in pretty dresses. In the world of Aluvia, most fairies are more like irritable, moody insects. Almost everyone in the world of Aluvia views the fairy keeper mark as a gift, but not fourteen-year-old Sierra. She hates being a fairy keeper, but the birthmark is right there on the back of her neck. It shows everyone she was born with the natural ability to communicate, attract, and even control the tiny fairies whose nectar is amazingly powerful. Fairy nectar can heal people, but it is also a key ingredient in synthesizing Flight, an illegal elixir that produces dreaminess, apathy and hallucinations. She's forced to care for a whole hive of the bee-like beasties by her Flight-dealing, dark alchemist father. Then one day, Sierra discovers the fairies of her hatch are mysteriously dead. The fairy queen is missing. Her father's Flight operation is halted, and he plans to make up for the lost income by trading her little sister to be an elixir runner for another dark alchemist, a dangerous thug. Desperate to protect her sister, Sierra convinces her father she can retrieve the lost queen and get his operation up and running. The problem? Sierra's queen wasn't the only queen to disappear. They're all

gone, every single one, and getting them back will be deadly dangerous. Sierra journeys with her best friend and her worst enemy -- assigned by her father to dog her every step -- to find the missing queens. Along the way, they learn that more than just her sister's life is at stake if they fail. There are secrets in the Skyclad Mountains where the last wild fairies were seen. The magic Sierra finds there has the power to transform their world, but only if she can first embrace her calling as a fairy keeper. One girl. Two magical quests. Three riddles will set her free. Summoned by the Pebble People to a world which mirrors her own, but is full of hidden magic, Felicity must use her wits to survive. Can she stop the mysterious smugglers causing mayhem in this darkling realm, and solve the Rhyming Riddler's puzzles before she's trapped here forever? Befriended by Bob, a bookish brownie, and Hatchet, a kidnapped hobgoblin, Felicity soon finds herself lost in a shadowy kingdom cloaked in secrecy and enchantments. Her most startling discovery, however, is yet to come ... 'When she went to the beach one sparkling spring day, She picked up a pebble ... and it whisked her away.'

that magic exists. An artful weaving of old legends with new realities, this tale invites the reader to wonder: could it be true?" — Kate Alcott, New York Times bestselling author of *The Dressmaker* One of BookBub's Most-Anticipated Books of Summer 2017! The New York Times bestselling author of *The Girl Who Came Home* turns the clock back one hundred years to a time when two young girls from Cottingley, Yorkshire, convinced the world that they had done the impossible and photographed fairies in their garden. Now, in her newest novel, international bestseller Hazel Gaynor reimagines their story. 1917... It was inexplicable, impossible, but it had to be true—didn't it? When two young cousins, Frances Griffiths and Elsie Wright from Cottingley, England, claim to have photographed fairies at the bottom of the garden, their parents are astonished. But

when one of the great novelists of the time, Sir Arthur Conan Doyle, becomes convinced of the photographs' authenticity, the girls become a national sensation, their discovery offering hope to those longing for something to believe in amid a world ravaged by war. Frances and Elsie will hide their secret for many decades. But Frances longs for the truth to be told. One hundred years later... When Olivia Kavanagh finds an old manuscript in her late grandfather's bookshop she becomes fascinated by the story it tells of two young girls who mystified the world. But it is the discovery of an old photograph that leads her to realize how the fairy girls' lives intertwine with hers, connecting past to present, and blurring her understanding of what is real and what is imagined. As she begins to understand why a nation once believed in fairies, can Olivia find a way to believe in herself?
