Authors Jerry J. Weygandt, University of Wisconsin Keryn Chalmers, Monash University Lorena Mitrione, CPA Australia Michelle Fyfe, Monash University Donald E. Keiso, Northern Illinois University Paul D. Kimmel, University of Wisconsin-Milwaukee In its US edition, Principles of Financial Accounting has been the market leading introductory accounting textbook for over 20 years. The Australasian adaptation of this highly regarded textbook accentuates its relevance to both students and academics alike with its effective pedagogical structure, application of accounting information to a wider business environment and clear, easy to understand writing style. As accounting is the international language of business, with many students expecting their qualifications to open career opportunities internationally, this text aligns the conceptual framework and financial reporting requirements to IFRS and AIFRS. Throughout all chapters, real company financial data and events are incorporated to illustrate accounting processes and systems. A unique feature of the textbook is the author profile. For the first time an introductory textbook has been written by authors from both an academic and professional background, ensuring students receive a solid foundation for their university studies and the knowledge and skills expected by the accounting profession. **NEW TO THIS EDITION** Aligns to IFRS/AIFRS where discussion refers to relevant accounting standards Integration of real company financial information to illustrate or reiterate key accounting processes and/or chapter content Chapter 14 Companies in line with Corporations Act 2001 Thorough discussion of reporting requirements, and presentation, for balance sheet, income statement, cash flow statements and statement of changes in equity Assumes business end user of accounting information,

discussing the impact of accounting on various aspects of the business Chapter 5 includes three appendices: periodic inventory system and comparison between periodic and perpetual, worksheet for a retail business, and GST. General journal entries presented as accounting equations to illustrate how debits and credits affect either assets, liabilities or the equity position of the business, and inflow or outflow of cash into the business **STRATEGIC FEATURES** Chapter Scene Setter presents an overview to the chapter and will help the student understand the context of the accounting information presented in the chapter. In many chapters, the Scene Setter is based upon the financial information for a real company with a discussion integrated in the chapter Helpful Hint comments in the minor column Before You Go On sections follow each key topic Review it questions prompt the students to review the key point that has been studied. Designed so that if the question can not be answered then the student will need to go back and read the section again. Infographics - These memorable visual reminders help students visualize and apply accounting concepts to the real world. Accounting in Action Boxes - These applied boxes give students glimpses into the real world of business -- including Ethics Insights, International Insights, e-Business Insights, and Business Insights. Marginal Check Figures - These self-checks appear alongside the A and B problems and provide a key checking number (ie a part solution ie the total of the trial balance) to help students know they're on the right track. Action Plans - Problem-solving strategies accompany the Before You Go On and Do It exercises and Demonstration Problems in each chapter. E-Business Insights - These boxes describe how e-business technology has expanded the services provided by accountants. A Comprehensive Problem - Selected chapters (Chs. 4, 7, 10, 12, 16, 17, and 27) feature a problem that pulls together topics students have learned over several chapters Interpreting Financial Statements: A Global Focus - These boxes ask students to apply concepts presented in the chapter to specific situations faced by actual foreign companies.

Accounting: Building Business Skills 2nd edition is the new edition of the widely used and respected Australasian adaptation of the market leading texts Financial Accounting and Managerial Accounting by Kimmel, Weygandt and Kieso. The new edition continues with the features and style that had been well received by academics and students alike with the first edition.

The text maintains the balance between a "user" and "preparer" perspective effectively integrating real financial data and business decisions throughout the material and presenting a "macro" view of accounting information through the use of real company information and financial statements. The authors clearly establish for students how a financial statement communicates the financing, operating, and investing activities of a business. The text builds a strong conceptual understanding and develops skills in the application of accounting principles and techniques, providing students with a solid foundation for further studies in accounting. The integral role of financial statements for decision making is also emphasised in this text and is reinforced throughout by the Decision Toolkit in each chapter. Students are provided with an extensive set of tools necessary to make business decisions based on financial information. The second edition continues to engage, excite and educate students. **NEW TO THE SECOND EDITION** The Colorado Group Ltd, known by most students, is the 'focus' company, and was chosen because it operates in the retail industry and has easy to read financial reports.
