Over the course of the last ten years, Dr. Alex Caemmerer has written well over one hundred letters to the editors of the New York Times, the Record (of Bergen County, New Jersey), and Psychiatric News, a journal aimed at psychiatrists and other behavioral health providers. The letters, arranged in chapters, represent his response to articles on a variety of topics, including psychiatry, psychoanalysis, religion, priests and bishops, depression, violence, homosexuality, and miscellaneous subjects of general interest. He was also inspired to write in on a variety of subjects, including the business of "Big Money," the American automobile and its role in American culture, the symbolic meanings and needs the automobile satisfies in one's psychology, and the practice of psychiatry (including a few examples of what brings one to a psychiatrist). He shared his opinions on business newscasters and their use of language, specifically the words and phrases aimed at scaring the public with frightening metaphors. Over the decades of his career, Dr. Caemmerer has been a witty observer and commentator on how people and society are changing-and not always for the betterment of either. These letters capture his unique perspective and his creative solutions to get things back on track.

Haven't we all wanted to be an actor at some point? Haven't we all wanted to escape or getaway from reality? Wouldn't it be great to live out our most secret sexual fantasies with the person we love the most? Wouldn't you want to make your sex life more exciting? Well, these fantasy scripts can make it all happen. Why would anyone ever have to seek excitement outside their existing relationship if all of their fantasies were met at home? This book is for couples who want to add excitement to their relationship. Acting out fantasies can be extremely exciting and erotic. Both men and women have sexual fantasies but sometimes feel uncomfortable or embarrassed in expressing these fantasies or feel embarrassed acting them out. These scripts allow each partner to become a different character and loose your inhibitions. This gives each partner the freedom to explore their fantasies. The couple must have complete and honest communication before any role-playing is attempted. Both parties must be completely comfortable with their roles and boundaries must be set in advance. That way, both parties know what is expected and acceptable and can enjoy the experience. I hope you enjoy experimenting with these scripts. Feel free to add or change character names, places, or even add lib in the character if it is acceptable to your partner. It is important to follow the costume, makeup, location recommendations to make the event and characters as real as possible. We hope that by full-filling each other's fantasies, there will never be a need to look elsewhere for satisfaction.

The author of Gold Rush Stories shares tales of the larger-than-life characters from the history of the legendary Sierra Nevada mountain range. With its 14,000-foot granite mountains, crystalline lakes, conifer forests, and hidden valleys, the Sierra Nevada has long been the domain of dreams, attracting the heroic and the delusional, the best of humanity and the worst. Stories abound, and characters emerge so outlandish and outrageous that they must be real. Could the human imagination have invented someone like Eliza Gilbert? Born in Limerick, Ireland, in 1818, she transformed herself into Lola Montez, born in Seville, Spain, in 1823, and brought to the Gold Country the provocative "Spider Dance"—impersonating a young woman repelling a legion of angry spiders under her petticoats. Or Otto Esche, who in 1860 imported fifteen two-humped Bactrian camels from Asia to transport goods to the mines. Or the artist Albert Bierstadt, whose paintings Mark Twain characterized as having "more the atmosphere of Kingdom-Come than of California." Or multimillionaire George Whittell Jr., who was frequently spotted driving around Lake Tahoe in a luxurious convertible with his pet lion in the front seat. These, and scores more, spill out of the pages of this well-illustrated and lively tribute to the Sierra by a native son.
