Understanding the GA-600 Fire Resistance Design Manual ...

As I write this, the 21st edition of the Gypsum Association's Fire Resistance Design Manual (FRDM),GA-600-2015, is at the press. The GA-600 is revised on a three year basis, a cycle that coincides with the International Building Code and complete family of coordinated I-Codes. Although, a new manual is released every three years, the work is actually continuous.

The FIRE RESISTANCE DESIGN MANUAL is also referenced in the code documents of major jurisdictions in the United States such as South Florida, Chicago, Los Angeles, New York City, and the State of New York. In addition, the Manual has been recognized in major jurisdictions in Canada.
