SESAME ST LEARNING FLASH CARDS AND CARD GAMES

MnM_POW-Maths-PM-10 (Updated)

176 pages. Discover the Math & Reading Flashcard Series. Flash cards with attitude and critters. Use this book to help your child learn numbers. This book focuses on numbers 1 to 20 represented as both numerals and words. Complete with 5 different flash card sets that help children learn not only to recognize numerals, but also number order, related representations of numbers, and more. Links for easy navigation and number games are included as well. In full color on color devices.

The use of numbers is a skill developed from an early age. Counting is the action of finding the number of elements of a finite set of objects by continually increas-

ing a counter by a unit for every element in the set, in some order. Counting is used by children to demonstrate knowledge of the number names and number system. This book provides various activities formats for children. Learn to trace, read, write, and recognize numbers as well as counting images.

Cards are used to help your child learn numbers, counting, addition, and subtraction.

These bold, bright flash cards are a great way to help children learn their times tables. Children can write their answers with the special pen provided, then wipe clean and repeat. Cards are colour-coded to help children find a particular table, and the cards can be shuffled and selected randomly as children's confidence grows. 132 cards include all the times tables up to 12x12. Opportunities to see, say, hear and write times tables appeal to a range of learning styles. Comes with a special wipe-clean pen that is easy to wipe off the shiny cards.

Basic math skills are critical for early success in elementary school and beyond. These brand new flashcards provide plenty of math practice and are designed to help children catch up, keep up, and get ahead--and best of all, to have fun doing it! The box contains 230 flashcards with colorful illustrations, plus 10 blank cards that children can illustrate themselves.

Designed so that each child can have a set of shapes to lay out in front of them and then use to respond to questions in class teaching. Not suitable for children under 36 months due to small parts.
