FTJW58 - EDWARD PHOENIX

HarperCollins is proud to present its incredible range of best-loved, essential classics.

A collection of automotive art.

This book details all the differences between an internal combustion engine vehicle & an electric vehicle. It explains in plain & simple English how engines work, where the fuels come from, what the difference is between different battery chemistries & the difference is between different electric motor types along with how an electric vehicle actually works. With regard to electric cars & hybrids, what are the differences with the electric charging modes, the cables you need, the government grants & initiatives that are available & finally what sort of maintenance will be required with an electric vehicle. All costs are explained along with emission zones & what governmental policies are currently in place & those which are planned. Although written primarily for the UK, Europe, North America & Asia have also been included to

allow this book to be relevant globally.

Hayden Lake: A Brief Primer describes the popular North Idaho Lake and its watershed. The book deals with matters as simple as access to the lake and its watershed. The book describes of the complex underlying geology of the lake and its immediate surroundings, the flora and fauna of the lake and its watershed and a brief history of man's impacts on the lake and watershed. Building on these elements the inner workings of the lake and watershed's hydrology, limnology, and aquatic biota is discussed. A final chapter outlines the challenges and opportunities in managing the quality of the watershed and the lake into the future.

Fourteen-year-old Rooney loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Rooney becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Rooney to mess things up with her hip-hop dance partner and

best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Rooney meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Rooney face her fears, make amends with Kira and reconnect with Gram before it's too late.

"This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

CD-ROM contains full text for all the procedures available in the manual. Files are provided both as fully formatted Word 6.0 (.doc) documents and as text-only documents (.txt).
