About Found in Translation. Translation. It's everywhere we look, but seldom seen—until now. Found in Translation reveals the surprising and complex ways that translation shapes the world. Covering everything from holy books to hurricane warnings and poet-

ry to peace treaties, Nataly Kelly and Jost Zetsche offer language lovers and pop culture fans alike an insider's view of the ways in which translation spreads culture, fuels the global economy, prevents wars, and stops the outbreak ...

#### Found in Translation by Nataly Kelly, Jost Zetsche ...

This complexity is why, for decades, machine translation required teams of domain-specific experts. You can easily imagine the squads of linguistic geniuses, huddled together for warmth, devising intricate sets of rules to transform syntax, grammar, and vocabulary between languages. But no longer. Today, neural networks autonomously learn these rules.

"Found in Translation is a meditation, an exposé, and practical guidebook to humanity's continued, painstaking ascent of our monumental tower of Babel. Without language diversity, we would be intellectually impoverished, and with it we are enriched.

### **Found in Translation: How Language Shapes Our Lives and ...**

Found in Translation is a rich account of language and shifting cross-cultural relations on a Christian mission in northern Australia during the mid-twentieth century. It explores how translation shaped interactions between missionaries and the Anindilyakwa-speaking people of the Groote Eylandt archipelago and how each group used language to influence, evade, or engage with the other in a series of selective "mistranslations."
