Language learning supports academic achievement. This is true for English-speaking students studying a foreign language, as well as English language learners in bilingual and immersion programs.

Learning a new language can be an emotional roller coaster. You'll hit plenty of highs—now we're going to help you avoid the lows. At first, there's something magical about the newness of it all. The new sounds. The new words. The new culture you're becoming immersed in, whether you're at h

Foreign Language Exemption. The foreign language exemption is only allowed for students who have a verifiable learning disability that specifically affects learning foreign languages. This is not a waiver, so students should be aware that there are additional courses required in place of the foreign language requirement.

Language education - Wikipedia

A foreign language is a language not commonly spoken in the country of the speaker. However, there must be a defined distinction between foreign language and second language. It is also a language not spoken in the native country of the person referred to, i.e., a German speaker living

in The Philippines can say that Filipino is a foreign language to them, or a Japanese speaker living in China ...

The importance of learning foreign languages in today's world

This collection of essays analyses the evolution of theory of intercultural competence and its relationship to education for citizenship. It does so by analysing the concepts of intercultural competence, including the notion of the intercultural speaker, by discussing the ways in which language education policy develops and by comparing the theories and purposes of foreign language education ...

Learning a foreign language improves not only your ability to solve problems and to think more logically, it also makes you experiment with new words and phrases. Leveling up your second language skills forces you to reach for alternate words when you can't quite remember the original one you wanted to use.
