Step 5: Establish decision-making criteria Review your objectives as you develop the set of criteria that will be used to rate the options. Criteria may be clear conditions, which must be met in order to have a useful decision, or soft criteria, which require subjective or qualitative analysis.

Decision-Making Fundamentals - SORACH
Decision Making and Rationality in the Modern World is part of the Fundamentals of Cognition series by Oxford University Press. Since purchasing this book I have returned to it time and time again. It is genuinely deserving of being seen as 'fundamental'. It is deceptively short. At 160 pages in six chapters, it suggests a quick read.

Decision Making and Rationality in the Modern World ...
Subject-matter of Decision-making: Decisional matters or problems may be divided into groups consisting of programmed and non-programmed problems. Programmed problems, being of routine nature, repetitive and well-founded, are easily definable and, as such, require simple and easy solution. Decision arrived in such programmed problems has, thus ...

Fundamentals of Decision Making - Angelfire

What works for some organizations may not work for others, and what works for making one decision may not work for the next. We've compiled this list to help narrow things down and give you an idea of what some of the more popular tools and strategies for decision-making are. Top Decision-Making Techniques & Tools
Marginal Analysis

Abstract. The seven pillars of the analytic hierarchy process (AHP) are presented. These include: (1) ratio scales derived from reciprocal paired comparisons; (2) paired comparisons and the psychological origin of the fundamental scale used to make the comparisons; (3) conditions for sensitivity of the eigenvector to changes in judgements; (4) homogeneity and clustering to extend the scale ...
