Glencoe Medical Insurance provides focused coverage of the knowledge and skills necessary for successful medical insurance processing, including in-depth coverage of medical insurance, the claims process, HCFA 1500, and UB-92. It covers all types of medical insurance including Blue Cross, Blue Shield, HMOs, PPOs, Medicare, Medicaid, and other plans. Managed care is integrated throughout the text, including discussion of contract law as it relates to managed care. There is an emphasis on practice management and patient finance. Optional exploratory computer activities use MediSoft for Windows Advanced. The focus in the text is on electronic claims filing but paper claims are covered as well. Unique to this text is an entire chapter emphasizing how crucial correct coding is to reimbursement and compliance with federal regulations.

Glencoe's Discovering Life Skills puts students on the path to discovery and excellence!

**CORRELATED TO THE NATIONAL HEALTH EDUCATION STANDARDS, THIS IS THE PROGRAM YOU CAN TRUST!** This well-respected program gives your students the skills they need to stand up to peer pressure, avoid risky behaviors, and develop the re-

silience they need to handle the changes they'll face during their school years...and throughout their lives.

"Biology for NGSS has been specifically written to meet the high school life science requirements of the Next Generation Science Standards (NGSS)."--Back cover.

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame

Students learn the skills necessary to become a multiskilled front office medical assistant. All of the step-by-step procedures are fully illustrated so students can learn proper technique. Trains students on medical office administrative procedures and equipment. Each chapter begins with an outline of topics, a list of chapter objectives, key terms and a list of 1997 AAMA Role Delin-

eation Study Areas of Competence covered in that chapter so students know where to focus their attention as they read and study. Questions and activities at the end of every chapter help students measure their progress every step of the way.

Correlated to the national health education standards, this is the program you can trust! Glencoe Health is a research-based program that will give your students the skills they need to stand up to peer pressure, avoid risky behaviors, and develop the resilience they need to handle the changes they'll face during their school years...and throughout their lives.

Student Activity Workbook
