Synopsis coming soon.....

Study & Master Mathematical Literacy Grade 11 has been especially developed by an experienced author team according to the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Mathematical Literacy. The comprehensive Learner's Book includes: \* thorough coverage of the basic skills topics to lay a sound foundation for the development of knowledge, skills and concepts in Mathematical Literacy \* margin notes to assist learners with new concepts - especially Link boxes, that refer learners to the basic skills topics covered in Term 1, Unit

1-16 \* ample examples with a strong visual input to connect Mathematical Literacy to everyday life.

Our NEET Foundation series is sharply focused for the NEET aspirants. Most of the students make a career choice in the middle school and, therefore, choose their stream informally in secondary and formally in senior secondary schooling, accordingly. If you have decided to make a career in the medical profession, you need not look any further! Adopt this series for Class 9 and 10 today.

Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by successful former teachers of Computer Science, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are essential to good preparation, improving understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential ingredients for

getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book.

Help your students develop enquiring minds as they learn the geographical knowledge and skills they need through the enquiries of the new OCR B specification which include and up-to-date case studies, a wide range of activities and exam-style questions developed to support and stretch students of all abilities. - Supports students of all abilities through differentiated activities including scaffolded questions and extension questions. - Highlights opportunities for fieldwork throughout the book, and includes guidance on carrying out fieldwork. - Develops students' geographical skills including activities and clear explanations of how to use mathematical and statistical skills. - Helps students gain confidence for the exam with a variety of exam-style practice questions at different levels, with tips on how to approach them.

An accounting study guide with questions, and answers is a helpful tool for anyone that is taking an accounting class. An accounting course book covers topics extensively. With the study guide the person can take the quizzes, and check their answers. The study guide shows which answer is correct. Some study guide books will explain why the other answers is close, but not correct. Once the person takes the quiz on a specific topic. They will find out where their weakness is, and what areas they have to study. The book will help them prepare for class exams, and any professional exams they may take.

Develop your students' subject knowledge and skills using this second edition of the WJEC GCSE Geography student book. Featuring updated case studies, practice questions and clear presentation of key terms, this thoroughly revised edition provides students with the up-to-date knowledge they need to succeed at GCSE. - Contains coherent coverage of every core and optional theme in a single volume, with clear explanations of key concepts throughout - Engages and challenges students of all abilities with an exciting, thematic approach, brought to life by Welsh, UK and international place references - Improves students' ability to interpret, analyse and evaluate geographical information through practical, skills-focused activities that involve data, maps and photographs - Boosts candidates' confidence approaching examination by providing extensive practice questions for each assessed theme This book also includes coverage of WJEC Geography A.

Student Book 2 provides guidance and activities, in the context of the Component 1 and Component 2 exam questions, on how to improve reading and writing skills. With the types of texts that students will face in the exams, in-context SPAG support and regular opportunities to monitor progress, this book aims to improve exam performance.

The author provides educators with sixty-six keys to help middle and secondary school students with disabilities succeed. Pupil Book Study is a window into the 'lived experience' of pupils, as opposed to just the observed experience. It is also a mirror in which to reflect professional practice and identify what helps learning, and what hinders it by outlining clear and coherent structures in which to talk with pupils and look at their books.

Pupil Book Study gives headteachers, senior and middle leaders a systematic toolkit to evaluate the impact of the curriculum through studying teaching and learning. Infused with cognitive science research and evidence-informed practice, it offers schools the architecture for excellence; helping remove the risk of making assumptions. Pupil Book Study is a guide for schools that offers 7 specific and fully exemplified areas to focus quality assurance systems. The keystone between teaching, learning and the curriculum, Pupil Book Study offers schools the tools to explain why things are as they are and presents solutions to the areas that limit or hinder progress. Schools report that Pupil Book Study has been some of the most powerful and impactful work they have ever undertaken, resulting in positive change. In November 2020, Pupil Book Study was shared with the Deputy Director, Senior HMI and Policy makers at Ofsted.

Develop your students' subject knowledge and skills using this second edition Eduqas GCSE (9-1) Geography B Student book. Featuring new case studies, practice questions and clear presentation of key terms, this thoroughly revised edition provides students with the up-to-date knowledge they need to succeed at GCSE. - Enhances students' subject knowledge, critical thinking and problem-solving skills using clear explanations of geographical issues, brought to life through an exciting, enquiry-based approach - Teaches students how to interpret, analyse and evaluate geographical information through a range of progressive, skills-building activities that use real-place data, maps and photographs - Boosts candidates' confidence approaching examination by providing opportunities for practice for each assessed theme - Highlights possible

fieldwork projects and contains guidance on carrying out investigations that meet the changed assessment requirements
