G7E6BX - DOMINGUEZ MATTEO

A global perspective means being open to new ideas, issues and solutions. Often times, it even means being open to changing the way you do things if you find a new system that works better. It means being culturally sensitive and willing to learn from others.

The growing importance of a global perspective

Effective Human Resources Management in Small and Medium Enterprises: Global Perspectives addresses the issues of HRM

in SMEs by providing a channel of communication to disseminate knowledge; including management philosophies, culture, and management practices. With innovate theories and the latest research, this book is useful for academics, researchers, managers, engineers, and other professionals interested in matters of HRM, specific to SMEs in both private and public sectors.
