Impacts of globalization on China's cultural heritage and ...

March 15, 2012. Globalization has clearly done a great deal for China. Beginning in 1978, economic reforms gradually increased China's engagement with the rest of the world. This resulted in unprecedented growth and allowed hundreds of millions of people to escape from poverty. That being said, however, the country still faces an abundance of challenges: corruption, increasing wealth disparity, and human rights concerns, among others.

China has been heavily impacted by the process of globalisation displayed through: economic growth, international convergence, economic development and quality of life, international trade, investment, financial markets, distribution of income, the environment and Chinese government economic policy.

Through some analyses of various phenomena in contemporary
