IPY7TH - DANIEL RILEY

Practice exercises for the Language Book activities, intended for homework or quiet class time. Practice Book pages should be done when the corresponding page in the Language Book has been finished. If time allows teachers may like to go through some or all of the exercises orally before children work independently.

Tim Machan explores the nature of English present and past, and its role in shaping the identity of those who speak it. He pursues his object through episodes in its history around the globe, from Caxton to Churchill and from rural America to colonial Australia. This is a book for everyone interested in English and the role of language in society

This book offers a learner-centred approach to grammar study for intermediate level students. Developing Grammar in Context provides clear explanations and lively practice focusing on key grammar areas. Using spoken and written examples drawn from the Cambridge International Corpus, Developing Grammar in Context will help learners consolidate and deepen their understanding of how English really works. This edition, with answers, is ideal for self-study.

This collected volume brings together a wide array of international linguists working on diachronic language change with a specific focus on the history of English, who work within usage-based frameworks and investigate processes of grammatical change in context. Although usage-based linguistics emphasizes the centrality of the discourse context for language usage and cognition, this insight has not been fully integrated into the investigation of processes of grammatical variation and change. The structuralist heritage as well as corpus linguistic methodologies have favoured de-contextualized analytical perspectives on contemporary and historical language data and on the mechanisms and processes guiding grammatical variation and change. From a range of different perspectives, the contributions to this volume take up the challenge of contextualization in the investigation of grammatical variation and change in different stages of English language history and discuss central theoretical notions such as gradable grammaticality, motivation in hypervariation, and hypercharacterization. The book will be relevant to students and linguists working in the field of diachronic and variational linguistics and English language history.

German Grammar in Context, 3rd Edition includes updated textual examples which provide the basis for an accessible and engaging approach to learning grammar. Using authentic texts from a variety of contemporary sources such as newspapers, magazines, poems, TV and film scripts, books or online sources, each chapter explores a key aspect of German grammar. Following each text, exercises are provided to reinforce understanding and build effective comprehension and communication skills. Helpful keyword boxes translate difficult vocabulary in the texts, and recommended reading sections offer advice on additional grammar resources and website links. German Grammar in Context is an essential resource for students at CEFR level B1-C2 and Intermediate-Advanced High on the ACTFL scale. It is suitable for both classroom

use and independent study.

The original contextualized approach brings grammar to life. Grammar in Context brings grammar alive through engaging and informative readings that are relevant to learners' lives. National Geographic photography and stories deliver real-world content to improve grammar awareness and retention. Students learn more, remember more, and use language more effectively when they learn grammar in context. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"Something needs to be done about grammar." Katz and Blyth have written this book with the hope of changing the way French instructors teach and conceive of grammar. Intended to help teachers and teacher trainers develop an understanding of French discourse that is grounded in recent theoretical and sociolinguistic research, this book is devoted to informing teachers-in-training, as well as experienced teachers, about cutting-edge methods for teaching grammar. It also describes the grammatical features of the French language in its social context. At the same time, it provides suggestions for applying such abstract knowledge in practical pedagogical ways, for example, how to structure grammatical explanations, devise classroom activities, and take advantage of resources that give students greater exposure to French as it is truly used in various discourse environments.

This practical grammar book is the result of 16 years of teaching online to adults and young students located all over the world. I believe that French grammar should not been a stumbling block to learning the language and should not discourage learners of French to embrace the beautiful journey of becoming fluent. Hence, I felt that it was important to explain the grammar rules in English and in the simplest way possible without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences. Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level). Perfect for self-study, but also ideal for supplementary gram-

mar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice.

Swahili Grammar and Workbook provides a practical and comprehensive companion to Swahili grammar, filling in gaps left by other textbooks. Presenting the essentials of Swahili grammar in a highly accessible fashion, it reduces complex language topics to helpful rules and mnemonic aids, enabling maximum grammar retention and accurate usage. Grammar points are followed by multiple examples and exercises, allowing students to consolidate and practice their learning. No prior knowledge of linguistic terminology is required. Key features include: Twenty five language notes covering key topics such as: personal pronouns; the Swahili noun class system; special class combinations; the imperative, the subjunctive, and the conditional moods; the use of comparatives; the use of monosyllabic verbs; the passive form and various other forms of verb extensions; the relative clause. Clear, detailed and jargon-free grammatical explanations supported by an assortment of helpful diagrams, charts and tables and many relevant and up-to-date examples. A wide range of communication-oriented exercises to reinforce learning and develop students' ability to use Swahili actively. Audio files to support pronunciation practice, clearly linked to relevant sections of the book and available for free download at <http://www.routledge.com/books/details/9781138808263/>. Four appendices, Swahili-English and English-Swahili vocabulary lists, a bibliography and an index presented at the back of the book for easy access to information. Written by a highly experienced instructor, Swahili Grammar and Workbook will be an essential resource for all students and teachers of Swahili. It is suitable for use both as a companion reference text in language courses and as a standalone text in independent grammar classes.

The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical description. There are activities at each step, using authentic written and spoken data. Using 'real' texts avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences between descriptive, prescriptive and proscriptive approaches to the writing of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and non-standard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

Arabic Grammar in Context offers a unique and exciting approach to learning grammar. It presents grammar as a necessary and essential tool for understanding Arabic and for developing comprehension and production skills. Features include: authentic texts from a rich variety of sources, literary and non-literary, used as the starting point for the illustration and explanation of key areas of Arabic grammar. Clear and authoritative demonstration of the relevance of grammar for understanding and interpreting Arabic. A wide range of appropriate exercises designed to consolidate learning. Fully vocalized exercises and texts. A glossary of vocabulary and expressions provided at the end of the book. Audio readings of the texts available online for additional listening practice.

Suitable for class use and independent study, Arabic Grammar in Context is ideal for intermediate to advanced learners of Arabic.

This popular and reliable series is aimed at all students preparing to sit their IELTS exams. It retains many of the features which make this series so popular: clear grammar explanations, themed vocabulary units to contextualise words and phrases, and a variety of exercise types to provide plenty of practice. This is the ideal accompaniment for any IELTS student or preparation class.

Destination B1: Grammar and Vocabulary has been designed for intermediate students at B1 (Threshold) level on the Council of Europe's Common European Framework Scale. It is the ideal grammar and vocabulary practice books for all students preparing to take any B1 level exam: e.g. Cambridge PET and for students working towards B2 level exams in the future.

This unique reference and practice grammar is based entirely on real spoken and written language. It analyses why people choose certain structures in situations and the effect of those choices on meaning. Exploring Grammar in Context upper intermediate and advanced: *provides 25 units focusing on key grammar areas for language teachers and students*actively engages the reader in discovering patterns of grammar use*offers an extensive, varied range of practice exercises to check understanding*is based on real life examples from the Cambridge International Corpus, a computerised database of contemporary spoken and written English*emphasises spoken English with examples from the Cambridge and Nottingham Corpus of Discourse English (CAN-CODE)*has a full answer key with detailed explanations, a useful glossary of grammar terms and a set of supporting grammar reference notes.

Essential German Grammar is a student-friendly grammar and workbook designed to give learners a firm foundation on which to build a real understanding of both spoken and written German. The reference grammar section offers clear explanations of key grammar points while a separate exercise section gives students the opportunity to test themselves and put into practice what they have learned. This new edition has been revised and updated throughout. Explanations, tables and exercises have been improved and a number of the authentic texts and illustrations have been replaced by new material. Key features of this second edition include: User-friendly layout with updated 2 colour design, engaging illustrations and visually appealing tables throughout to aid the learning process. Clear and accessible explanations with memorable examples informed by the latest research on the German language and presented in accordance with current teaching methodology. Helpful parallels between English and German provided where relevant. End-of-chapter extracts taken from contemporary journalistic or authentic literary sources, illustrating grammar in context, with model translations provided at the back of the book. Material to enable better strategic learning and understanding, including a Why Grammar?—FAQ section, a glossary of grammatical terms in both English and German and a complete answer key to exercises. Created especially for the new edition, a companion website at www.routledge.com/cw/kaiser offering a wealth of additional materials, including interactive exercises, quizzes and flashcards to test student understanding, downloadable PDF sheets for classroom use, PowerPoint slides for instructors and audio recordings illustrating the sounds of spoken German. Written by highly experienced lecturers in the field, Essential German Grammar is an invaluable resource for intermediate and advanced students of German (CEFR levels A2 to B2, ACTFL Novice High to Intermediate High). It is designed to function equally as a free-standing grammar or as a foundation grammar for Hammer's German Grammar and Usage and is suitable for both classroom use and self-study.

Research in linguistic semantics may be roughly divided into two broad traditions. Students concerned with lexical fields and lexical domains ('lexical semanticists') have interested themselves in the paradigmatic relations of contrast that obtain among related lexical items and the substantive detail of how particular lexical items map to the nonlinguistic objects they stand for. 'Formal semanticists' (those who study the combinatorial properties of word meanings) have been mostly unconcerned with these issues, concentrating rather on how the meanings of individual words, whatever their internal structure may be and however they may be paradigmatically related to one another, combine into the meanings of phrases and sentences (and recently, to some extent, texts).

Weaver extends her philosophy by offering teachers a rationale and practical ideas for teaching grammar not in isolation but in the context of writing.

Introduce students to the basic elements of grammar with activities that cover parts of speech and composition. Motivate students by focusing on the goal of good grammar--accurate and effective communication.

Taking authentic texts from a variety of sources, this book uses them as a starting point for illustrating and explaining key areas of Spanish grammar. Placing the emphasis on grammar in context with a functional and communicative purpose, it includes a range of exercises, many of them text-based.

Taking authentic texts from a variety of sources - the human body on CD-ROM, a fish recipe, 'L'Etranger' and many others - this book uses them as a starting point for the illustration and explanation of key areas of French grammar. It includes a range of exercises, many of them text-based.

Spanish Grammar in Context uses authentic text to illustrate and explain the key areas of Spanish grammar, and then offers a range of exercises for students to test their understanding and to produce effective language of their own. Aimed at intermediate and advanced learners, and with a key to the exercises provided, the book is suitable for independent and tutor-led study. Sourced from contemporary literature, newspaper and magazine articles from both Spain and Latin America, the texts are up-to-date and topical, and together with the exercises which have been expanded for the second edition, give students a comprehensive coverage of Spanish grammar.

This book is part of the Macmillan English Grammar In Context series, a three-level grammar practice series with a difference. Incorporating contextual examples in grammar practice activities, Macmillan English Grammar In Context is a grammar book that can be used in both the classroom and for self-study. Key Features: Grammar explanations with traditional practice activities and contextual examples Cross-curricular content areas include: literature science, geography, history and social sc

Ce cahier d'activités vise l'apprentissage grammatical de la langue anglaise et s'adresse à tous les niveaux du secondaire. Les paramètres grammaticaux sont clairement traités au moyen de mises en situation sous forme de dialogues, d'histoires et d'illustrations. Les activités d'évaluation permettent une révision systématique de la matière.

Grammatix is a creative and inspiring guide to the theory and use of grammar, for teachers, parents and students. It is designed to show you that grammar is a magical tool that can aid your thinking and help you to communicate. Endorsed by the Independent Schools Examinations Board (ISEB).

This is a unique book that covers innovative grammar teaching approaches and techniques for a modern generation of EFL/ESL students. It juxtaposes traditional grammar teaching methods with newer ones, and reveals the advantages and disadvantages

of each. Moreover, it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate EFL/ESL teachers' work to practice certain grammatical patterns.

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

The author brings together authorities from worldwide to update current theory and research in pedagogical grammar.

This book features eighteen articles addressing issues such as: how language is learned, and teaching grammar through writing, across the grades.

American English Grammar introduces students to American English in detail, from parts of speech, phrases, and clauses to punctuation and explaining (and debunking) numerous "rules of correctness," integrating its discussion of Standard American grammar with thorough coverage of the past sixty years' worth of work on African American English and other ethnic and regional non-Standard varieties. The book's examples and exercises include 500 real-world sentences and longer texts, drawn from newspapers, film, song lyrics, and online media as well as from Mark Twain, Stephen King, academic texts, translations of the Bible, poetry, drama, children's literature, and transcribed conversation and TV and radio shows. Based on twenty years of classroom testing and revision, American English Grammar will serve as a classroom text or reference that teaches students how to think and talk not only about the mechanics of sentences but also about the deep and detailed soul and nuance of the most widely used language in human history.

Offers elementary teachers advice and strategies to help them teach, apply, and understand English grammar while still adhering to state and school standards.

Now in its fifth edition, French Grammar in Context presents a unique and exciting approach to learning grammar. Authentic

texts from a rich variety of sources, literary and journalistic, are used as the starting point for the illustration and explanation of key areas of French grammar. Each point is consolidated with a wide range of written and spoken exercises. Grammar is presented not as an end in itself, but as a tool essential to enjoying French, understanding native speakers and communicating effectively with them. Literary texts and poems are taken from renowned French authors such as Albert Camus, Zola, André Malraux, Alain Robbe-Grillet, Stendhal and Jacques Prévert. News sources include Libération, Le Point, Marianne, and Le Monde Di-

plomatique, in addition to articles from regional papers such as Ouest-France and La Voix du Nord. Lifestyle articles are included from magazines such as Elle. This fifth edition has been updated to include new texts for Chapters 24 and 25 and two new revision texts. In addition, this new edition is supported by a revised and extended companion website that offers a wealth of additional interactive exercises to practise and reinforce the material covered. French Grammar in Context is aimed at intermediate and advanced students and is ideal for both independent and class-based study.
