In the classic sci fi romance style of Linnea Sinclair and Gina Koch, this novel brings us a truly splendid story of girl meets alien boy, and together they save the world. Action-packed and exciting, with great side characters and an fast-paced story line. Ten out of ten, would recommend.

The Alien Warrior's Woman is a sexy story featuring female empowerment and a Guardian trainee determined to set a few misogynistic jerks straight. But when she meets the hot guy in a foreign port her plans change radically.
