For undergraduate and graduate courses in advanced accounting. An in-depth guide to accounting that reflects the most up-to-date business developments. This comprehensive textbook addresses practical financial reporting problems while reflecting recent business developments and changes in accounting standards. This edition has been rewritten to align with the Financial Accounting Standards Board Accounting Standards Codification. The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 11e introduces them to the field's many aspects, it often focuses on past controversies

and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the ten previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 11th edition includes an increase integration of IFRS as well as the updated accounting standards.

"Governmental and Nonprofit Accounting," Revised Sixth Edition provides a better balance between theory and practice than other texts, with the most up-to-date coverage. It provides readers with

a thorough basis for understanding the logic for and nature of all of the funds and account groups of a government, with a unique approach that enables readers to grasp the entire accounting and reporting framework for a government before focusing on specific individual fund types and account groups. Includes coverage of the new reporting model standard: GASB "Statement 34." Includes illustrations of government-wide financial statements and fund-based financial statements presented using the major fund approach. Points out the major changes required from the current guidance and explains and illustrates the requirements of the new model. Explains and illustrates the GASB Statement 31. Contains the latest revision of OMB Circular A-133 on single audits. Appropriate for undergraduate Accounting courses, such as Governmental Accounting, Public Sector accounting, Government and Nonprofit Accounting, and Fund Accounting.

A professional perspective to implementing IFRS 10, 11, and 12 The new International Financial Reporting Standards (IFRS) 10, 11, and 12 are changing group accounting for many businesses. As business becomes increasingly global, more and more firms will need to transition using the codes and techniques described in Principles of Group Accounting under IFRS. This book is a practical guide and reference to the standards related to consolidated financial statements, joint arrangements, and disclosure of interests. Fully illustrated with a step-by-step case study, Principles of Group Accounting under IFRS is equally valuable as an introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting, and it is essential for accountants, auditors, and business leaders to understand their implications. Author Andreas Krimpmann is an internationally recognized authority on the transition from GAAP to IFRS, and this new text comes packaged with GAAP/IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel-based consolidation tool, checklists, and a companion website with the latest information. Learn about: Definitions, requirements, processes, and transition techniques for IFRS 10, 11, and 12 covering group level accounting Practical implementation strategies demonstrated through a clear case study of a midsize group Key concepts related to consolidated financial statements, joint ventures, manage-

ment consolidation, and disclosure of interests Comparisons between GAAP and IFRS to clarify the required changes for international firms Whatever stage of the consolidation process you are in, you will appreciate the professional perspective in Principles of Group Accounting under IFRS.
