For fans of Red Queen and Grave Mercy comes the captivating sequel to the Renaissance France-inspired epic fantasy The Queen's Rising. Brienna is a mistress of knowledge and is beginning to settle into her role as the daughter of the once disgraced lord, Davin MacQuinn. Though she'd just survived a revolution that will return a queen to the throne, she faces yet another challenge: acceptance by the MacQuinns. But as Queen Isolde Kavanagh's closest confidant, she'll have to balance serving her father's House as well as her country. Then there's Aodhan Morgan, formerly known as Cartier Évariste, who is adjusting to the stark contrast between his pre-rebellion life in Valenia and his current one as lord of a fallen House. As he attempts to restore the Morgane name, he let his mind wander--what if he doesn't have to raise his House alone? What if Brienna could stand by his side? But Brienna and Cartier must put their feelings aside, as there are more vital tasks at hand--the Lannons' trial, forging alliances, and ensuring that no one halts the queen's coronation. Resistance is rumbling among the old regime's supporters, who are desperate to find a weakness in the rebels' forces. And what makes one more vulnerable than love?

In the days they spend at sea, the four young women become firm friends and vow to stay in touch no matter what their new lives bring. The Global Resistance Movement is one of the 21st century's most active and influential organizations. It is a global coalition of millions united in resisting and building alternatives to an out-of-control global economy. It emerged in Mexico in 1994 when the Zapatista rebels rose up in defiance of the North American Free Trade Agreement. The West first noticed it in Seattle in 1999 when the World Trade Organization was stopped in its tracks by 50,000 protesters. More significantly, the anti-capitalist street protests are only the tip of its iceberg. It aims to shake the foundations of the global economy and change the course of history. But what exactly is it? Who is involved, what do they want, and how do they aim to get it? To find out, Paul Kingsnorth traveled across four continents to visit some of the epicenters of the movement. In the process, he was tear-gassed on the streets of Genoa; painted anti-WTO puppets in Johannesburg; met a tribal guerrilla with supernatural powers; took a hot bath in Arizona with a pie-throwing anarchist; and infiltrated the world's biggest gold mine in New

Guinea. Along the way, he found a new political movement and a new political idea. It is united in what it opposes and deliberately diverse in what it wants instead.

Working with Resistance is about heartache, grieving, letting go and moving on - as the patient's resistances are worked through and her defences are overcome. It is, therefore, a book about hope that arises in the context of discovering that it is possible to survive the experience of heartbreak, sadder perhaps but certainly wiser and more realistic.

For scholars of media and war, the 2003 invasion of Iraq is a compelling case to study. As part of President Bush's 'war on terror', the invasion was the most controversial British foreign policy decision since Suez, and its ramifications and aftermath have rarely been far from the news. In the many political and public debates regarding this conflict, arguments over the role of the media have been omnipresent. For some, media coverage was biased against the war, for others it became a cheerleader for the invasion. Where does the truth lie? Drawing upon a uniquely-detailed and rich content and framing analysis of television and press coverage, and on interviews with some of the journalists involved, *Pockets of Resistance* provides an authoritative assessment of how British news media reported the 2003 Iraq invasion and also of the

theoretical implications of this case for our understanding of wartime media-state relations. *Pockets of Resistance* examines the successes and failures of British television news as it sought to attain independence under the difficult circumstances of war, and describes and explains the emergence of some surprisingly vociferous anti-war voices within a diverse national press.

Stoltzfus's (history, Florida State U.) 1996 book has now appeared in paper. The Rosenstrasse protest consisted almost entirely of women protesting the arrest of their Jewish husbands by the Nazis in 1943. The Nazis, surprisingly enough, gave in, and almost all of the men survived the war in their Berlin neighborhood. Using interviews with survivors and other primary resources, Stoltzfuz reconstructs the story, offering his analysis of how intermarriage with Germans was viewed by the Gestapo and by Hitler. A major literary event, the publication of this masterly translation makes one of the towering works of twentieth-century German literature available to English-speaking readers for the first time. The three-volume novel *The Aesthetics of Resistance* is the crowning achievement of Peter Weiss, the internationally renowned dramatist best known for his play *Marat/Sade*. The first volume, presented here, was initially published in Germany in 1975; the third and final volume appeared in 1981, just six months before Weiss's death. Spanning the period from the late 1930s to World War II, this historical novel dramatizes antifascist resistance and the rise and fall of proletarian political parties in Europe. Living in Berlin in 1937, the unnamed narrator and his peers—sixteen- and seventeen-year-old working-class students—seek ways to express their hatred for the Nazi regime. They meet in museums and galleries, and in their discussions they explore the affinity between political resistance and art, the connection at the heart of Weiss's novel. Weiss suggests that meaning lies in embracing resistance, no matter how intense the oppression, and that we must look to art for new models of political action and social understanding. The novel includes extended meditations on paintings, sculpture, and literature. Moving from the Berlin underground to the front lines of the Spanish Civil War and on to other parts of Europe, the story teems with characters, almost all of whom are based on historical figures. *The Aesthetics of Resistance* is one of the truly great works of postwar German literature and an essential resource for understanding twentieth-century German history.

Norway, 1942: She has lost everything to the Nazis. But now she fights back...

"[This book] is a woman's and journalist's daring venture into an area exhausted by research and controversy . . . Engaging and revealing reading . . . the reader begins to see eleven colorful personalities, with rich background not visible in history books on the topic . . . [the author] never becomes confrontational but emerges as a careful and sensitive interviewer . . . This book resists stereotyping, juxtaposing men and women, and valorizing, and takes into account social status and class of families questioned. [The book], touching without becoming kitsch, promotes a discussion of the nature and values of 'Widerstand', as well as an examination of the impact of 20 July on Germany's 'Vergangenheitsbewältigung'. I would recommend to anyone teaching the events of 20 July to include a couple of these interviews." - Caroline Schaumann, *Women in German Nazi "justice"* following the attempt on Hitler's life on 20 July 1944 led not only to the brutal execution of scores of conspirators, but also dramatically changed the lives of their families. However, whereas it is the husbands who are celebrated annually as heroes of the resistance, little mention is made of their wives. This collection of interviews, which the author conducted with eleven of them, reveals that it was the women's courage that sustained their husbands both before the plot and later, in the face of certain violent death. Dorothee von Meding is a writer and producer with the Hesse Television Network, Frankfurt.

"The result is a mix of history, biography and memoir which reads like a nerve-racking thriller." —The Guardian (US) This heroic true story of the three youngest children of a bourgeois Catholic family who worked together in the French Resistance is told by an American writer who has known and admired the family for five decades. The extraordinary true story of how three women — a fascist's daughter, a German spy, and an American socialite — raced against Hitler's SS to get key evidence into the hands of the Allies. In 1943, Edda Mussolini, daughter of the fascist dictator Benito Mussolini, gave her father and Hitler an extraordinary ultimatum: release her husband, Italy's former foreign minister, Galeazzo Ciano, from prison, or risk her leaking her husband's diaries to the press. Knowing the diaries would expose Nazi lies and create a foundation for war crimes prosecutions, Hitler and Mussolini vowed to do everything in their power to see the diaries destroyed — even if it meant killing Mussolini's daughter. To do this, they ordered Hilde Beetz, a German spy, to seduce Ciano in prison in order to learn the diaries' location. However, the seducer became the seduced, joining forces with Edda to try to save Ciano from execution. When this failed, Edda fled, with Hilde's daring assistance, to keep Ciano's final wish: to see the diaries published for use by the Allies. Upon learning of Edda's escape, the head of United States intelligence, Alan Dulles, sent in socialite Frances de Chollet, assigned by chance to a mission that would change her life. Her task was to find Edda, gain her trust, and, crucially, hand the diaries over to the Americans. Against all expectations, what developed was a rich and humanising friendship between the two women. Staying one step ahead of the Gestapo agents who were hunting Edda, together they succeeded in preserving one of the most important historic documents of World War II. Containing all the detailed twists and turns of a spy thriller, this is the story of three women, each faced with unbearable pressures and weighty moral questions, whose lives were drawn together in one of the most unlikely rescues of World War II.

When Jacques Lusseyran was an eight-year-old Parisian schoolboy, he was blinded in an accident. He finished his schooling determined to participate in the world around him. In 1941, when he was seventeen, that world was Nazi-occupied France. Lusseyran formed a resistance group with fifty-two boys and used his heightened senses to recruit the best. Eventually, Lusseyran was arrested and sent to the Buchenwald concentration camp in a transport of two thousand resistance fighters. He was one of only thirty from the transport to survive. His gripping story is one of the most powerful and insightful descriptions of living and thriving with blindness, or indeed any challenge, ever published.
