Ken Blanchard's Leading at a Higher Level techniques are inspiring thousands of leaders to build high-performing organizations that make life better for everyone. Now, in *Helping People Win at Work*, Blanchard and WD-40 Company leader Garry Ridge reveal how WD-40 has used Blanchard's techniques of Partnering for Performance with every employee--achieving levels of engagement and commitment that have fortified the bottom line. Ridge introduces WD-40 Company's year-round performance review system, explaining its goals, features, and the cultural changes it requires. Next, he shares his leadership point of view: what he expects of people, what they can expect of him, and where his beliefs about leadership and motivation come from. Finally, Blanchard explains why WD-40 Company's Partnering for Performance system works so well--and how to leverage its high-value techniques in your organization. In this book, you'll learn how to:

- Stop building failure into your mentoring of employees
- Set goals using the SMART approach: specific, motivational, attainable, relevant and trackable
- Help people move through all four stages of mastery
- Create a culture that shares knowledge and encourages nonstop learning

"I'm thrilled that the first book in our Leading at a Higher Level series is with Garry Ridge, president of WD-40 Company. For years I've been concerned about how people's performance is evaluated. People are often forced into a normal distribution curve, or even worse, rank ordered. Not only does this not build trust, it also does not hold managers responsible for coaching people and helping them win. The manager's responsibility is focused on sorting people out. When I was a college professor, I always gave my students the final exam at the beginning of the course and spent the rest of the semester helping them answer the questions so that they could get an A. Life is all about getting As, not some stupid normal distribution curve. Garry Ridge got this, and wow! What a difference it has made in WD-40 Company's performance." --Ken Blanchard

"When I first heard Ken talk about giving his final exam at the beginning of the course and then teaching students the answers so they could get an A, it blew me away. Why don't we do that in business? So that's exactly what I did at WD-40 Company when we set up our 'Don't Mark My Paper, Help Me Get an A' performance management system. Has it made a difference? You'd better believe it. Ever since we began the system, our company's annual sales have more than tripled, from \$100 million to more than \$339 million. And we've accomplished this feat while making the company a great place to work." --Garry Ridge

In *Leading at a Higher Level*, Updated Edition, Blanchard and his colleagues bring together everything they've learned about world-class leadership. You'll discover how to create targets and visions based on the "triple bottom line"...and make sure people know who you are, where you're going, and the values that will guide your journey. From start to finish, this book extends Blanchard's breakthrough work on delivering legendary customer service, creating "raving fans," and building "Partnerships for Performance" that empower everyone who works for and with you. Updated throughout, this new edition contains two powerful, important new chapters: one on coaching to create higher-level leaders, and another on creating a higher-level culture throughout your organization. It also offers the definitive, most up-to-date techniques for leading yourself, individuals, teams, and entire organizations. Most importantly, it will help you dig deep within, discover the personal "leadership point of view" all great leaders possess-and apply it throughout your entire life. In *Helping People Win at Work*, WD-40 Company President/CEO Garry Ridge reveals how his company has used Blanchard's techniques to "Partner for Performance" with every employee, and achieve unprecedented levels of employee engagement and commitment. Ridge introduces WD-40's performance review system, explaining its goals, its features, and the cultural changes it required. Next, Ridge shares his "leadership point of view": what he expects of people, what they can expect of him, and where his beliefs about leadership and motivation came from. Finally, in Part IV, Ken Blanchard explains why WD-40's Partnering for Performance program works so well and how it can work for you, too. This book isn't about cheerleading: it's about transforming performance review one step at a time and reaping record-breaking results!

Time and the literary: the immediacy of information technology has supposedly annihilated both. Email, cell phones, satellite broadcasting seem to have ended the long-standing tradition of encoding our experience of time through writing. Paul de Man's seminal essay "Literary History and Lit-

erary Modernity" and newly commissioned essays on everything from the human genome to grammatical tenses argue, however that the literary constantly reconstructs our understanding of time. From eleventh-century France or a science-fiction future, Time and the Literary shows how these two concepts have been and will continue to influence each other.

A book of photos and poems by Michele Heeney spanning 45 years, from the mountains of Western Pennsylvania to the sixties in San Francisco and beyond. It includes photos and poems from West Africa, Mexico, Hawaii, the central coast of California and New Mexico.

A vivid and whip-smart memoir from the legendary editor who spent decades leading newspapers in London and New York. In *My Paper Chase*, Harold Evans recounts the wild and wonderful tale of newspapering life. His story stretches from the 1930s to his service in WWII, through towns big and off the map. He discusses his passion for the crusading style of reportage he championed, his clashes with Rupert Murdoch, and his struggle to use journalism to better the lives of those less fortunate. There's a star-studded cast and a tremendously vivid sense of what once was: the lead type, the smell of the presses, eccentrics throughout, and angry editors screaming over the intercoms. *My Paper Chase* tells the story of Evans's great loves: newspapers and Tina Brown, the bright, young journalist who became his wife. In an age when newspapers everywhere are under threat, *My Paper Chase* is not just a glorious recounting of an amazing life, but a nostalgic journey in black and white. In *The Baptism Papers*, professional engineer and preacher, Peter Frow, attests to the disquieting reality that certain laws and disciplines within his church are being applied with such monolithic rigidity that grace is stifled. Here is a poignant reminder that when denominational distinctives have greater potential to divide the Church than the cross has to unite it, then such practices have become denominational idols.

My Soul on Paper depicts the lives of many teenagers and adults living today. Issues such as infidelity, depression, as well as cries of healing, deliverance, discrimination, rape, and molestation are clearly addressed in this debut novel by a young brother and sister. This is not just another collection of poetry. Narratives and biblical excerpts concerning the lives of this young duo are included, making this book equivalent to a fireside talk. What you are holding in your hands crosses gender and cultural barriers. No matter what race or gender you are and what you believe in, somewhere down the line you have experienced or witnessed someone else's experiencing the topics being expressed in this biography. This book also discloses the many secrets churches, families, and society tends to sweep under a rug and eventually take with them to the grave. However, you'll find that by unveiling the experiences in your life rather than suppressing them, you can come to terms with what is really lying dormant inside of you. If you are tired of pushing your feelings, ideas, and what happened to you inside of "Pandora's box", then this is indeed the book for you.

The eleven-term Latino congressman describes his life, from his time as a cab driver and community organizer to finding his own political voice, getting elected, and becoming a champion for immigration reform.

From a wartime beach in Wales to the gleaming skyscrapers of twenty-first-century Manhattan, the extraordinary career of Fleet Street legend Harold Evans has spanned five decades of tumultuous social, political and creative change. Just how did a working class Lancashire boy, who failed the eleven-plus, rise to a position where he could so effectively give voice to the unheard? Born in the bleak years between the wars in the sprawl of Greater Manchester into a thrifty, diligent and loving family, Evans inherited only the privilege of his parents' example. There was a work ethic that led Evans through night school classes, national service and a passionate commitment to regional life, and, finally, to his unassailably successful editorship of one of our greatest newspapers, the *Sunday Times*. Whether unpicking the murderous chaos of Bloody Sunday, pursuing a foreign correspondent's murderers or uncovering the atrocity of Thalidomide, this consummate newsman evokes his contagious passion: for the real story and the truth.

As the magazine of the Texas Exes, *The Alcalde* has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."
