79VPWR - KAITLYN JAEDEN

Life as a Dragon Prince is all fun and games... until someone uncovers an ancient law. Omega dragon shifter Chance is living his best life. As the youngest prince of Montipan, he has all the benefits of his family bloodline with none of the responsibilities... or so he thought. When his father's advisor uncovers an ancient law connecting his family's position in the kingdom to his mating, Chance does what any single omega would do—he takes his family jet to the mainland for a little fun, and a little fun he has. Make that a lot of fun. Alpha dragon shifter Devlin can't believe his luck, being hired by Montipan's ruling family as head of their security. It is the opportunity of a lifetime and he is ready to celebrate. His night at the local pub hanging out with friends turns into a night of passion when an omega who ticks all his boxes walks in, awakening a side of himself he rarely indulges—his daddy side. Devlin never expects to see Chance again, much less become his bodyguard, the bodyguard assigned to be his shadow. With roles in place and protocol set, he needs to push his desires and growing feelings aside and do his job, even if his dragon is calling the prince mine and his heart is calling him boy. The Dragon Prince's Daddy is the first book in the M/M mpreg shifter Royal Heat series about three (or is it four) dragon princes who are in a race against time to find their true mates and save their ruling line. The Dragon Prince's Daddy features a free spirit dragon, a bodyguard who thinks he has better things to do than chase after a royal brat, a one-night stand that turns into more, an unexpected clutch, adorable babies, and a first time royal heat. While each book stands alone, they are enjoyed best when read in order. If you love dragons, nesting, a hot daddy, royal brats, and true love, this series by the co-author team of Lorelei M. Hart, Colbie Dunbar and Trisha Linde is for you.

Sometimes dating apps lead to finding your happily ever after. Thad's led him to danger. Thad has a great career, amazing friends, and a home to call his own. On the outside, he has everything going for him, but inside, he feels a hole, a hole where a family should be. When his friend Joaquim suggests he use a dating app, Thad reluctantly agrees. After all, what is the worst thing that could result from going out with a stranger on his birthday? A boring date? Getting stood up? A bad kiss? Ren is done with the dating scene. He wants to settle down and have a family. When his friends convince him to go out and celebrate his birthday at his favorite bar and pick up a hot omega, Ren agrees to go drink and be merry. Thad expects his date to not be amazing. John has given him enough clues that he isn't the one, but he never expects him to be made of evil. Thad catches Ren's eye the moment he walks through the doors of The Fallen Nut. Unfortunately, he is already with an alpha. That doesn't stop Ren from wanting the hot omega looking oh so bored with his date. When things go awry and Thad calls for the bouncer, Ren steps in to help. When Ren finds a pill at the bottom of his drink, he does the first thing that comes to mind and screams for help. When everything settles down, the alpha he's been drawn offers to walk him to his car. Who was he to say no? What could have been a night of quick fun turns into a terrifying altercation that leaves both men wondering what could have been... Birthday with His Omega is a sweet with knotty heat non-shifter m/m male pregnancy romance complete with a Ren in shining armor, a secret admirer, and a bundle of cuteness.

Lewis has never been kissed. Omega penguin shifters aren't allowed any physical contact with an alpha until their Pebble Gifting Season, when alphas present a pebble to their desired mate. Lewis has always followed the rules. Until he meets Todd. A polar bear shifter. Everyone knows that polar bear shifters are unreliable players who don't mate for life. But Todd is breathtakingly beautiful, with a body as big as a mountain and a head of thick, white hair. Lewis can't manage to look away. In Anchorage Alaska where penguin shifters and polar bear shifters have been at odds for over a century, even a friendship between Todd and Lewis is forbidden. But as Lewis's Pebble Gifting Season draws closer, their forbidden friendship turns into a passion neither of them can ignore. A Pebble for Lewis is a 37,000-word best-friends-to-lovers romance with a size difference, knotting, and MPreg of the penguin egg variety. It's set in the same world as the Heron Manor series, but it stands alone.

Pediatric retinal diseases are not simply retinal diseases that occur in children; rather, they are unique disorders that often are not found in adults. This textbook of the pediatric retina offers in-depth guidance on congenital and acquired diseases of the retina in the pediatric population. It is organized according to disease

onset and timing, as well as anatomy. All chapters are written by leading authorities in the field from both the pediatric and the retinal perspective. A multidisciplinary approach to the topic is adopted, and critical information is included on disease classification and diagnosis, pathophysiology, genetics, complications, and prognosis. Pediatric Retina will be a useful source of information for pediatric ophthalmologists, retina specialists, and other eye care providers who care for children.

The properties and function of human communication.

'Absolutely incredible, honest, gut-wrenching! A must-read!' Angie Thomas, author of *The Hate U Give* 'Painfully timely and deeply moving, this is the novel the next generation should be reading' Jodi Picoult 'Justyce's story is earnest, funny, achingly human, and unshakably hopeful. I am forever changed.' Becky Albertalli, author of *Simon vs. the Homo Sapiens Agenda* 'Raw and gripping' Jason Reynolds, author of *Long Way Down* 'A powerful, wrenching, and compulsively readable story that lays bare the history, and the present, of racism in America' John Green, author of *The Fault in our Stars* ----- Raw, captivating, and undeniably real, Nic Stone boldly tackles American race relations in this #1 New York Times bestselling novel. Justyce McAllister is top of his class and set for the Ivy League – but none of that matters to the police officer who just put him in handcuffs. And despite leaving his rough neighbourhood behind, he can't escape the scorn of his former peers or the ridicule of his new classmates. Justyce looks to the teachings of Dr. Martin Luther King Jr. for answers. But do they hold up anymore? He starts a journal to Dr. King to find out. Then comes the day Justyce goes driving with his best friend, Manny, windows rolled down, music turned up – way up, sparking the fury of a white off-duty police officer beside them. Words fly. Shots are fired. Justyce and Manny are caught in the crosshairs. In the media fallout, it's Justyce who is under attack. Return to the world of Dear Martin in the stunning NEW novel from Nic Stone, *Dear Justyce*. Available now! Also by Nic Stone *Odd One Out* *Jackpot Dear Justyce*

The ability to see deeply affects how human beings perceive and interpret the world around them. For most people, eyesight is part of everyday communication, social activities, educational and professional pursuits, the care of others, and the maintenance of personal health, independence, and mobility. Functioning eyes and vision system can reduce an adult's risk of chronic health conditions, death, falls and injuries, social isolation, depression, and other psychological problems. In children, properly maintained eye and vision health contributes to a child's social development, academic achievement, and better health across the lifespan. The public generally recognizes its reliance on sight and fears its loss, but emphasis on eye and vision health, in general, has not been integrated into daily life to the same extent as other health promotion activities, such as teeth brushing; hand washing; physical and mental exercise; and various injury prevention behaviors. A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change. The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health. Making Eye Health a Population Health Imperative: Vision for Tomorrow proposes a new population-centered framework to guide action and coordination among various, and sometimes competing, stakeholders in pursuit of improved eye and vision health and health equity in the United States. Building on the momentum of previous public health efforts, this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal, state, and local levels.

A window into the lives of two young urban drug dealers

This open access book on the history of the National Radio Astronomy Observatory covers the scientific discoveries and technical innovations of late 20th century radio astronomy with particular attention to the people and institutions involved. The authors have made extensive use of the NRAO Archives, which contain an unparalleled collection of documents pertaining to the history of radio astronomy, including the institutional records of NRAO as well as the personal papers of many of the pioneers of U.S. radio astronomy. Technical details and extensive citations to original sources are given in notes for the more technical readers, but are not required for an understanding of the body of the book. This book is intended for an audience ranging from interested lay readers to professional researchers studying the scientific, technical, political, and cultural development of a new science, and how it

changed the course of 20th century astronomy.

When Colorado Penn finds an unexpected package on his front step, his life will be changed forever. Colorado Penn is living the dream. Starting goalie for the Arizona Raptors when in season, lead singer for a hard rock band when summer rolls around. He's the quintessential free spirit who's making sure he enjoys all the carnal blessings of his athleticism, and gritty singing voice. Now the Raptors are moving into their first playoff appearance in years, but the arrival of an unexpected package means that hockey may have to take a backseat to something way more important. Instead of the usual undergarments from adoring fans, he finds a newborn baby with a small note tucked under her carrier, naming him as the father. He refuses to give up his daughter and is determined to be the kind of father he'd dreamed of having. But to keep Madeline, he'll need help, and he'll need it fast. Enter handsome emergency manny, Joseph. They may be opposites, but Colorado starts to see that Joseph's stable, calm influence makes his chaotic lifestyle choices seem less appealing. There's something about the man that soothes not only his infant daughter but also the wild child inside Colorado. Joseph is one year away from getting his degree in planetary science, working cover shifts at the planetarium, and pulling in income with short term manny gigs. Stars collide as he provides emergency childcare for the wild man of hockey, a man who moves so fast through life that he doesn't know how to stop. Homeless, and caring for his niece, Emma, fate brings Joseph into Colorado and baby Madeline's life. Madeline is a sweetheart, and Colorado is trying his hardest to make the best decision for his baby girl. He offers his home and an indecent salary, to keep Joseph in his life until summer's end. Colorado brings mysticism and metal to Joseph's sanctuary of science, but somehow Joseph needs to tame this shooting star and create a family. Nothing in the contract said Joseph had to fall in love to make that happen, but when it's time for him to leave, will the void in his heart ever heal, or will it remain as cold as space itself?

Man and wolf. Sworn enemies in the battle for Askara. Can hate and betrayal ever lead to love? Caleb Harken has spent six years wrongfully imprisoned for his father's treachery. Tortured and reviled by the very wolf pack he should have been leading as Alpha, he is not surprised to learn he's finally to meet his death at the hands of the human rebel leader, Taegan Callan. Taegan gave up his dreams of a life-mate and a family after seeing too many humans butchered at the hands of the wolves—even if Caleb doesn't seem to be the bloodthirsty savage he expects, and even if he starts to long for a different kind of future with the wolf. Can Caleb become the Alpha he was always meant to be and lead his pack, or will he finally realize that winning his freedom means nothing when he has already lost his heart?

Coral and Brass is the biography of General Holland McTyeire "Howlin' Mad" Smith, known as the "father" of modern U.S. amphibious warfare. His book is a riveting first-hand account of key battles fought in the Pacific between the U.S. Army and Canadian troops against the Japanese, including assaults on the Gilbert Islands, the Marshall Islands, the island of Saipan, Tinian in the Marianas and Iwo Jima.

A rock star with a secret Johnny Omega is at the top of the charts. But if his record company finds out he's pregnant, his career will

be over. A billionaire with a secret past encounter Aaron is Johnny Omega's biggest fan. He even met Johnny backstage once. Johnny's secret might be Aaron's too. Pregnant Rock Star Omega is a 57,000-word feel-good non-shifter mpreg romance with two gorgeously sweet men starting a family. It's full of omega sass, alpha care, a snarky manny, and a seventy-year-old fangirl.

Seeing the truth and falling in love. Dustin Robbins-Grayson was a surly adolescent when Quinlan Gregory started the nanny gig. After a rocky start, he grew into Quinlan's friend and confidant--and a damned sexy man. At twenty-one, Dusty sees how Quinlan sacrificed his own life and desires to care for Dusty's family. He's ready to claim Quinlan--he's never met a kinder, more capable, more lovable man. Or a lonelier one. Quinlan has spent his life as the stranger on the edge of the photograph, but Dusty wants Quinlan to be the center of his world. First he has to convince Quinlan he's an adult, their love is real, and Quinlan can be more than a friend and caregiver. Can he show Quin that he deserves to be both a man and a lover, and that in Dusty's eyes, he's never been "just the manny?"

Barren, unwanted-a lot of omegas would have given up. But not Holland. Tired of living down to other's opinions, he reaches for something more and seduces the new Alpha, only to fall so far in love he can't see the moon for the trees. Quin's ghosts won't leave him alone. He lives like a ghost himself, but Holland's shining light gives him courage to reach for healing and, maybe, a family. Except Holland has his own unhealed wounds and he refuses to mate, until disaster in another pack reminds them both how fragile life can be. From that disaster rises a new determination, and Quin and Holland set out to change their world. And through it all, the secret of the True Omega begins to unveil itself, bringing hope and fear in its wake.

Hal Wallis might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced -- Casablanca, Jezebel, Now Voyager, The Life of Emile Zola, Becket, True Grit, and many other classics (as well as scores of Elvis movies) -- have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked and no full-length study has yet assessed his incredible career. A former office boy and salesman, Wallis first engaged with the business of film as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Bernard F. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

Nick Jeffries is finally taking some time for himself and going on a real vacation. He's minutes away from boarding the plane for his tropical getaway when he gets a call that changes his plans. His dad is in the hospital and Nick has to step in and run the family Christmas tree farm until his dad is back on his feet. Scotty Ray is new at Omega House. He's only there a few days before a job comes up that gets him outside in the fresh air and away from the stifling aromas of omegas in heat and dirty diapers. He appreciates the hospitality he's gotten at Omega House but he's never been comfortable around strangers and living in such close quarters is taking its toll. Scotty isn't comfortable dressing up as an elf and entertaining a bunch of kids, but he needs the cash and wants to earn his keep at Omega House, even if that means stepping about as far out of his comfort zone as imaginable. The only thing keeping him grounded when the stimulation around him becomes too intense is the sexy Santa who always seems to know when he's been naughty or nice. Omega Under the Mistletoe is a sexy alpha omega MPreg love story with knotty fun and a Christmas surprise that results in a sweet baby.

A sinner's only hope is true love in this passionate new novel in J.R. Ward's #1 New York Times bestselling Black Dagger Brotherhood series. Syn has kept his side hustle as a mercenary a secret from the Black Dagger Brotherhood. When he takes another hit job, he not only crosses the path of the vampire race's new enemy, but also that of a half-breed in danger of dying during her transition. Jo Early has no idea what her true nature is, and when a mysterious man appears out of the darkness, she is torn between their erotic connection and the sense that something is very wrong. Fate anointed Butch O'Neal as the Dhestroyer, the fulfiller of the prophecy that foresees the end of the Omega. As the war with the Lessening Society comes to a head, Butch gets an unexpected ally in Syn. But can he trust the male—or is the warrior with the bad past a deadly complication? With time running out, Jo gets swept up in the fighting and must join with Syn and the Brotherhood against true evil. In the end, will love true prevail...or was the prophecy wrong all along?

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a

choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

A retired SEAL is about to face his toughest assignment yet. As a nanny...Fixer. Bodyguard. Advocate. Brann Calder is expected to play all these roles and more as a member of Torus Intercession, a security firm guaranteed to right what's wrong. In the military, catastrophe was his specialty. Five months out of the service, Brann is still finding his way, so a new assignment might be just what he needs. Unless it includes two things sure to make a seasoned, battle-trained veteran nervous: life in a small town, and playing caregiver to two little girls. Emery Dodd is drowning in the responsibility of single fatherhood. He's picked up the pieces after losing his wife and is ready to move on now, hopeful that his engagement to a local patriarch's daughter will not only enrich his community but will grant his daughters some stability too. The only thing standing in Emery's way is that he can't seem to keep his eyes-and hands-off the former soldier he's hired to watch his girls until the wedding. Emery's future is riding on his upcoming nuptials, but being with Brann makes him and his family feel whole again. Too bad there's no way for them to be together. Or is there? This volume examines the phenomenon of fake news by bringing together leading experts from different fields within psychology and related areas, and explores what has become a prominent feature of public discourse since the first Brexit referendum and the 2016 US election campaign. Dealing with misinformation is important in many areas of daily life, including politics, the marketplace, health communication, journalism, education, and science. In a general climate where facts and misinformation blur, and are intentionally blurred, this book asks what determines whether people accept and share (mis)information, and what can be done to counter misinformation? All three of these aspects need to be understood in the context of online social networks, which have fundamentally changed the way information is produced, consumed, and transmitted. The contributions within this volume summarize the most up-to-date empirical findings, theories, and applications and discuss cutting-edge ideas and future directions of interventions to counter fake news. Also providing guidance on how to handle misinformation in an age of "alternative facts", this is a fascinating and vital reading for students and academics in psychology, communication, and political science and for professionals including policy makers and journalists.

The New York Times bestseller! "Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters." --Paul Andrew Hutton, author of *The Apache Wars* To most Americans, Frank Hamer is known only as the "villain" of the 1967 film *Bonnie and Clyde*. Now, in *Texas Ranger*, historian John Boessenecker sets out to restore Hamer's good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution's spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, *Texas Ranger* is the first biography to tell the full story of this near-mythic lawman.

Why choose? Rebel Even though I can't admit it to myself, my little design firm is going under. Every month, the prospect of reading my reports fills me with dread. Then, my business partner, Roxie, comes breezing into my office with news I can't ignore. We've won an exciting and lucrative new contract. That contract happens to be the remodel of the Wellington twin's French chateau. The only hitch... My horrible ex-fiancé is the one who got us the job. Jonathan I knew from the moment I laid eyes on Rebel that I was in trouble. He was like no Omega I'd ever met before. It doesn't take long for me to realize that he's everything I've ever wanted. The only hitch... My twin brother feels the same way. Logan I knew from the moment I laid eyes on Rebel that I was in trouble. No Omega has ever made me want to put aside my partying ways and settle down. It doesn't take long for me to realize that Rebel is better than anything I've ever known. The only hitch... There is no hitch. I always get what I want. The Omega's

Twin Billionaires is an m/m/m mpreg romance. It's the first book in the Big City Alphas trilogy.

This authoritative book has everything busy professionals need to create effective business correspondence, from style and grammar guidelines to hundreds of fully executed model letters and memos plus new sections on business e-mail and more.

Mpreg Romance Brock Pilot always wanted to be a school psychologist, and he worked hard to make that happen. His first assignment is at his old high school and reality isn't quite living up to fantasy. But he's passionate about his career and even though the alpha/omega society he lives in expects him to settle down and have a bunch of babies, he isn't interested. Trevor Campbell pulls Brock over one afternoon and immediately recognizes Brock as the kindhearted boy who'd shown him around on his first day of school years ago. He'd always had a tiny crush on Brock, but they didn't run in the same crowd, so they never really got close. But he's always remembered how warm Brock was to him. When the two run into each other yet again at a club, their mutual attraction sparks. Neither man is interested in anything serious, but they both enjoy each other's company. They decide a friends with benefits type of relationship is just about perfect. Everything is hot, and fun and drama free. Until Brock gets pregnant.

Volumes 1 & 2 Guide to the MAJOR COMPANIES OF EUROPE 1993/94, Volume 1, arrangement of the book contains useful information on over 4000 of the top companies in the European Community, excluding the UK, over 1100 This book has been arranged in order to allow the reader to companies of which are covered in Volume 2. Includes group activities and appropriate technology instructions."

Forget insight and genius! The many creative things we make and do generally arise from sheer chance and trial-and-error learning. Nothing is as it used to be for the Black Dagger Brotherhood. After avoiding war with the Shadows, alliances have shifted and lines have been drawn. The slayers of the Lessening Society are stronger than ever, preying on human weakness to acquire more money, more weapons, more power. But as the Brotherhood readies for an all-out attack on them, one of their own fights a battle within himself . . . For Rhage, the Brother with the biggest appetites, but also the biggest heart, life was supposed to be perfect - or at the very least, perfectly enjoyable. Mary, his beloved shellan, is by his side and his King and his brothers are thriving. But Rhage can't understand - or control - the panic and insecurity that plague him . . . And that terrifies him - as well as distances him from his mate. After suffering mortal injury in battle, Rhage must reassess his priorities - and the answer, when it comes to him, rocks his world . . . and Mary's. But Mary is on a journey of her own, one that will either bring them closer together or cause a split that neither will recover from . . .

He left his seamy past...and found a steamy romance. When Louis Guzman signs on with a Hollywood nanny agency and scores a job offer on his very first interview, he's thrilled for the chance to start fresh-and hopeful that no one will delve too deeply into his checkered work and romantic past. Helping an amicably divorced Beverly Hills power couple raise their two adorable children is the perfect situation. Too perfect to let a vibe of attraction to the handsome producer tempt Louis to flirt his way to a pink slip. Since he came out, Dan Krefman has been too busy with his job to experiment with his newly embraced sexuality. But with undercurrents sizzling like live power cables between him and his kids' hunky Latino nanny, he's finding it hard to maintain his distance. Louis promises Dan-and himself-that just one encounter will get the lust out of both their systems. But it's only the beginning...and when Louis's past crawls out of the shadows, dirty secrets threaten to destroy not only his own future, but the family he has come to love. Warning: Hot male loving and sweet family bonding-not bondage, bonding, perv!

Completely revised and updated every year, this essential manual provides the latest guidelines and recommendations for the effi-

cient and safe use of MR imaging for both patients and healthcare providers. It offers detailed guidance on 'how to' and 'when not to' scan 40 categories of implants, devices, materials and other products based on the results of clinical studies and case reports. An alphabetical list of nearly 1,000 objects describes their safety status and the highest strength of the static magnetic field of the MR system that was used for safety testing of the object. Its handy size makes it perfect

My name is Damon. I keep busy with freelance photography and taking in foster kids. After all, having those kids in my home is the closest I'll ever come to a family-a fact I've accepted since I was a teenager. One car accident ended all of those dreams. Dating is out for omegas like me, at least, I've made it my rule. An alpha craves an omega who can give him a family. And I'm just fine with my life. My work makes it possible for me to give the kids I take in lots of time, something they need and deserve. Most of them haven't had an easy life. And Robbie...my current foster child needs my love and care more than any of the others so far. I thought I had it all figured out, but meeting Patrick has thrown me for a loop. Patrick deserves more than a lesser omega, a broken shell of who I should be. But I can't help myself. His searing looks plus that signature pumpkin spice scent demand I pay attention. Pursue him. See if there is a chance he could be mine. Autumn brings with it cooler days, but with Patrick in my life, the nights only grow hotter. The Alpha's Autumn-Kissed Omega is a MM, non-shifter, Mpreg Romance, the first in the Alpha Kissed Series which may be read as a stand alone.

tonight... Alpha Reclamation Wood Working Alpha Three's A Crowd Hunger Alpha's Chase Mending Malcolm Grayson's Cause Alpha Claim His Alpha An Omega's Touch Breaking The Rules You know the drill... Preston and Liam write some intensely passionate scenes, so pull down the shades and lock the doors!

Sometimes a vacation fling isn't a fling at all. After a long court battle over his people's land, alpha Iver needs a vacation-a long one. When he travels to the coast for some beach relaxation, he expects to soak it all in. Instead, he finds himself bored. He wasn't made for lazy days on the sand or with a fishing pole. Good thing Love & Hate, the dating app, is now nationwide. He can find a little fun for his trip. Nothing more. Omega dragon Ajax loves his life in the small tourist town. He makes his art glass pieces, runs his small shop, and during the off-season, he even teaches glass blowing classes. It's a good life-or at least it would be if it wasn't so lonely. He sees the other shifters in town finding their mates and settling down. If only dragons did that. So, instead of looking for Mr. or Mrs. Right, he uses an online dating app when it's time to scratch an itch. Nothing more. When Iver and Ajax meet, their connection is instant and something awakens in Ajax he doesn't understand. Suddenly, his dragon is calling the smexy panther ours and one hot night morphs into a smoldering weekend. He confides in his uncle, who fills him in on a little secret; true dragon's mates are rare, but what he's feeling means he not only found his, but he is about to lay an egg. Matched To His Dragon is the fourth book in the sweet with knotty heat Dates of Our Lives series, an M/M mpreg shifter dating app romance brought to you by the popular co-writing duo of Lorelei M Hart and Colbie Dunbar. It features a panther who needs a vacation, a dragon who loves to create things with fire, an adorable baby, a little bit of flying, true fated mates, an annoying uncle who thinks the only thing worse than a human is a cat shifter, and a guaranteed happy ever after. If you like your shifters hawt, your omegas strong, your mpreg with heart, and your HEAs complete with true mates and a bundle

of joy, one-click today.

Riley It was the most emotional time of his life. His papa couldn't stop crying, his father told him exactly what to do, so he wouldn't ruin his life. The sire of his child, an alpha Riley had naively trusted is nowhere to found. When the pressure gets too much, sixteen-year-old Riley agrees he's too young to raise his child, so he signs away his rights and gives him to a loving couple chosen by his parents, leaving a void in his life that can never be filled... What happens when the perfect opportunity to raise his child presents itself... even if it means going undercover as the nanny. Grayson All Grayson has ever wanted was a family of his own, after growing up with self-involved parents. The first chance he gets he says yes, but to the wrong omega. Max, the child he always wanted. Riley, the omega he never expected. Almost too perfect to be true? Finally the family he always wanted. Or is it? What happens when Grayson finds out the secret Riley has been hiding? Can the family and love they've found withstand the truth coming out?

One of the most cited books in physics of all time, Quantum Computation and Quantum Information remains the best textbook in this exciting field of science. This 10th anniversary edition includes an introduction from the authors setting the work in context. This comprehensive textbook describes such remarkable effects as fast quantum algorithms, quantum teleportation, quantum cryptography and quantum error-correction. Quantum mechanics and computer science are introduced before moving on to describe what a quantum computer is, how it can be used to solve problems faster than 'classical' computers and its real-world implementation. It concludes with an in-depth treatment of quantum information. Containing a wealth of figures and exercises, this well-known textbook is ideal for courses on the subject, and will interest beginning graduate students and researchers in physics, computer science, mathematics, and electrical engineering.
