Chinese political thought - Oxford Reference. Chinese classical thought was directed primarily to politics in the wider sense, yet China produced relatively little systematic political philosophy. The Chinese cities of the Warring States period (481–221 bc) were not, like Athens, the home of maritime traders with wide experience of other cultures, but centres of Chinese acculturation of the surrounding areas.

History of Chinese Political Thought, Volume 1: From the Beginnings to the Sixth Century, A.D. Book Description: This volume launches the translation of a work that describes the development of Chinese political thought from the time of Confucius in the late Chou era into the twentieth century. The author systematically treats leading thinkers, schools, and movements, displaying a consummate mastery of traditional Chinese learning, and of Western analytical and comparative methods.

In his rendering of the history of Chinese political thought, agents, thoughts, texts, political contexts, and linguistic structures all affect each other in turn, and examples of each are picked at various points to illustrate the changing conceptions, and realities, of the Chinese political world.

Chinese history has alternated between periods of political unity and peace, and periods of war and failed statehood—the most recent being the Chinese Civil War(1927-1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population.

A History of Chinese Political Thought is a brilliant and highly accessible account of the many intersecting and often competing expressions of political philosophy that have flowed through and shaped Chinese history.
