Formed of the union of small Celtic and
Anglo-Saxon kingdoms during the early
medieval period, England has long
comprised several distinct regions, each
different in dialect, economy, religion, and
disposition; indeed, even today many
English people identify themselves by the
regions or shires from which they
come—e.g., Yorkshire, the West Country,

the Midlands—and retain strong ties to
those regions even if they live elsewhere.

History Of England Before The The time from Britain's first inhabitation

until the Last Glacial Maximum is known as the Old Stone Age, or Palaeolithic era. Archaeological evidence indicates that what was to become England was colonised by humans long before the rest of the British Isles because of its more hospitable climate between and during the various glacial periods of the distant past.

History of England - Wikipedia
For hundreds of years, what is now England was a Roman province, Britannia. The Romans later gave up on the province and left the Celtic people on their own as the Roman Empire began to fall apart. The influence of the Romans meant that the territory of England had already experienced unity before the Anglo-Saxons arrived.

Great Britain before World War I

Before the Industrial Revolution Britain was a quite different place to the one that exists today. Industrialisation brought with it new types of roads, trains

and many other forms of communications which simply did not exist prior to industrialisation. So before the Industrial Revolution it was very hard to keep in touch with people in other parts of the country.

Danes in England: from 865 Thirty years of Danish raids on the east coast of England precede the arrival, in 865, of a 'Great Army' equipped for conquest rather than quick booty. The Danish invaders now consolidate each year's gains by establishing a secure base from which they can continue a campaign of harassment - which invariably ends with the settled English buying peace from their footloose tormentors.
