~~6 ways to get free quality content for your website ...~~

Using multiple verification methods. You can add additional verification methods in your property's verification settings page. You might want to add more than one verification method in case one of your existing verification methods fails (for example, if you verified using a Google Analytics tracking code, and someone changes a template on your website that omits the tag).

~~Verify your site ownership - Search Console Help~~

Step 1, Place keywords with content. The crucial way to better your Google ranking is to use informational keywords, which start with "where," "how," and "when," and which are relatively different when compared to commercial and transactional. For example, instead of using "YouTube tutorial of a paper tree," you can replace it with "How to make a paper tree by watching a tutorial on ... Step 2, Use data-driven articles. Back up your article with relevant data and data-driven ...
