A flowchart template in SmartDraw helps you make flowcharts by docking the right flowchart symbol library and flowchart tools at your fingertips. When you start with a template, you'll be able to add a process step in just a click or create a decision point just as easily. Types of flowcharts you can make with SmartDraw's flowchart maker:

In addition to using shapes to create your flowchart, you also have some pretty handy options with SmartArt. Head over to the "Insert" tab and then click the "SmartArt" button. In the Choose a SmartArt Graphic window, select the "Process" category on the left, chose a type of process (we're using the "Picture Accent Process" option here), and then click "OK."
