Documenting the difficult class relations between women slaveholders and slave women, this study shows how class and race as well as gender shaped women's experiences and determined their identities. Drawing upon massive research in diaries, letters, memoirs, and oral histories, the author argues that the lives of antebellum southern women, enslaved and free, differed fundamentally from those of northern women and that it is not possible to understand antebellum southern women by applying models derived from New England sources.

* Awarded RECOMMENDED status by US Review of Books * Awarded FIVE STARS by Readers Favorite Reviews Imagine yourself having one foot planted on one continent while the other foot is on another continent. A huge transformational step, isn't it? That's precisely what Inno Onwuemes early-life story does. One foot is planted firmly in the traditional African village where age-old customs mingle with poverty, disease, ignorance, and deprivation. The other foot pivots tantalizingly in 1960s California, at the cutting edge of western civilization. Here, searing social and political upheavals of global significance were shaking the very foundations of modern America and the world. Add to the mix, a second dimension where your journey starts with a decade of colonial rule, and extends through the first decade of post-colonial independence, straddling both eras. And did we mention a civil war, and his becoming a refugee? It was a time of great fomentation personally, nationally and globally. Read this engaging story and enjoy it as a

thrilling novel, richly spiced with African proverbs. Then pinch yourself and recall that this is not fiction. It all truly happened. This was a real life being lived in exciting times. Challenge yourself to explore how the changes of the political transition intertwined with Professor Innos transformation from an African village boy to a cosmopolitan man in America. Marvel at how the history of an era was acted out in microcosm by this village boy. LIKE A LILY AMONG THORNS takes global and national metamorphosis down to the personal level. It invites you to see history in a new light.

WITH AN INTRODUCTION BY CARYL PHILLIPS In 1945, Rick Braithwaite, a smart, highly educated ex-RAF pilot, looks for a job in British engineering. He is deeply shocked to realise that, as a black man from British Guiana, no one will employ him because of the colour of his skin. In desperation he turns to teaching, taking a job in a tough East End school, and left to govern a class of unruly teenagers. With no experience or guidance, Braithwaite attempts to instill discipline, confound prejudice and ultimately, to teach.

First of all, I am giving thanks in front of the Most Merciful Almighty. There is no substitute for a good GPA in HSC if you want to move forward in the current era of success. But at HSC we do badly in English. I have not been able to read English since childhood. After reading the same tick for so many years, the students have to go to the private tutor for HSC for English. I wrote the book 'English A +' to get rid of all these problems. There is a video class created by me which is taken on Nahid24 YouTube channel so that you

don't have to read any problem while reading the book. If a student takes the book in hand and conducts all the YouTube classes regularly then he / she will not need any other private tutor. In HSC English 1st and 2nd paper questions come from certain topics but students cannot finish even half of it at the end of the year by reading a very thick book. But if someone reads only the necessary topics well for 2 months, then he will be able to get good results in English. If any student can finish this book completely, I hope he will get A + in English 1st and 2nd 2 subjects InshaAllah. This book is completely different from other books. There is nothing less important in the book. So nothing should be left out. Each topic is given a writing technique and some important examples. By mastering the techniques and practicing the examples, one can overcome the weakness of HSC English in a short time. If he can master the book well then he will succeed in HSC exam InshaAllah. I think my hard work and effort will be successful only if the students benefit from reading this book. Since no book other than the Qur'an alone is perfect, and man is not above error, so reluctantly, if there is any mistake

in the book, you will look at it with forgiveness.
