These proceedings represent the work of contributors to the 18th European Conference on Research Methodology for Business and Management Studies (ECRM 2019), hosted by Wits Business School, University of Witwatersrand, Johannesburg, South Africa on 20-21 June 2019. The Conference Chair is Prof. Anthony Stacey, from Wits Business School and the Programme Chair is Prof. Louise Whittaker, from University of Pretoria. ECRM is now a well-established event on the academic research calendar and now in its 18th year the key aim remains the opportunity for participants to share ideas and meet the people who hold them. The scope of papers will ensure an interesting two days. The subjects covered illustrate the wide range of topics that fall into this important and ever-growing area of research. This year marks the first time the European Conference on Research Methodology for Business and Management Studies has been hosted outside of Europe. We are pleased to take the conference on tour to South Africa in order to facilitate a wider and more diverse range of participants. The opening keynote presentation is given by Prof. Dan Remenyi, who is extraordinary professor at the University of the Western Cape, on the topic of Being a Successfully Published Academic Researcher. The second day of the conference will open with an address by Dr Jayshina Punwasi, Clinical Manager at the Helen Joseph Hospital in Gauteng, who's talk is entitled From Clinician to Researcher to Manager: The Practical Application of Research Methodology. With an initial submission of 129 abstracts, after the double blind, peer review process there are 42 Academic research papers and 3 PhD research papers published in these Conference Proceedings. These papers represent research from Australia, Bahrain, Cameroon, Canada, China, Czech Republic, Denmark, Estonia, Ireland, Netherlands, New Zealand, Poland, Portugal, Romania, South Africa, Spain, United Kingdom, United States of America and Zimbabwe.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

In this Apollos Old Testament Commentary, Anthony Petterson offers detailed commentary on the prophetic books of Haggai, Zechariah and Malachi, setting them in their wider biblical-theological context. He shows the connections between the post-exilic world and our own, and explains how these books contain a vital message for the church today, living in the gap between promise and real-

ity.

First published in paperback by UNM Press in 1976, The Way to Rainy Mountain has sold over 200,000 copies. "The paperback edition of The Way to Rainy Mountain was first published twenty-five years ago. One should not be surprised, I suppose, that it has remained vital, and immediate, for that is the nature of story. And this is particularly true of the oral tradition, which exists in a dimension of timelessness. I was first told these stories by my father when I was a child. I do not know how long they had existed before I heard them. They seem to proceed from a place of origin as old as the earth. "The stories in The Way to Rainy Mountain are told in three voices. The first voice is the voice of my father, the ancestral voice, and the voice of the Kiowa oral tradition. The second is the voice of historical commentary. And the third is that of personal reminiscence, my own voice. There is a turning and returning of myth, history, and memoir throughout, a narrative wheel that is as sacred as language itself."--from the new Preface

"The College Solution helps readers look beyond over-hyped admission rankings to discover schools that offer a quality education at affordable prices. Taking the guesswork out of saving and finding money for college, this is a practical and insightful must-have guide for every parent!" —Jaye J. Fenderson, Seventeen's College Columnist and Author, Seventeen's Guide to Getting into College "This book is a must read in an era of rising tuition and falling admission rates. O'Shaughnessy offers good advice with blessed clarity and brevity." —Jay Mathews, Washington Post Education Writer and Columnist "I would recommend any parent of a college-bound student read The College Solution." —Kal Chany, Author, The Princeton Review's Paying for College Without Going Broke "The College Solution goes beyond other guidebooks in providing an abundance of information about how to afford college, in addition to how to approach the selection process by putting the student first." —Martha "Marty" O'Connell, Executive Director, Colleges That Change Lives "Lynn O'Shaughnessy always focuses on what's in the consumer's best interest, telling families how to save money and avoid making costly mistakes." —Mark Kantrowitz, Publisher, FinAid.org and Author, FastWeb College Gold "An antidote to the hype and hysteria about getting in and paying for college! O'Shaughnessy has produced an excellent overview that demystifies the college planning process for students and families." —Barmak Nassirian, American Association of Collegi-

ate Registrars and Admissions Officers For millions of families, the college planning experience has become extremely stressful. And, unless your child is an elite student in the academic top 1%, most books on the subject won't help you. Now, however, there's a college guide for everyone. In The College Solution, top personal finance journalist Lynn O'Shaughnessy presents an easy-to-use roadmap to finding the right college program (not just the most hyped) and dramatically reducing the cost of college, too. Forget the rankings! Discover what really matters: the quality and value of the programs your child wants and deserves. O'Shaughnessy uncovers "industry secrets" on how colleges actually parcel out financial aid—and how even "average" students can maximize their share. Learn how to send your kids to expensive private schools for virtually the cost of an in-state public college...and how promising students can pay significantly less than the "sticker price" even at the best state universities. No other book offers this much practical guidance on choosing a college...and no other book will save you as much money! • Secrets your school's guidance counselor doesn't know yet The surprising ways colleges have changed how they do business • Get every dime of financial aid that's out there for you Be a "fly on the wall" inside the college financial aid office • U.S. News & World Report: clueless about your child Beyond one-size-fits-all rankings: finding the right program for your teenager • The best bargains in higher education Overlooked academic choices that just might be perfect for you

But I do not account my life of any value nor as precious to myself, if only I may finish my course and the ministry that I received from the Lord Jesus, to testify to the gospel of the grace of God. —Acts 20:24 (ESV) Growing old has been the greatest surprise of my life," says Billy Graham, known by many as God's Ambassador. "I would have never guessed what God had in store for me, and I know that as I am nearing home, He will not forsake me the last mile of the way." In Nearing Home this man of faith—now in his nineties—explores the challenges of aging while gleaning foundational truths from Scripture. Billy Graham invites us to journey with him as he considers the golden years while anticipating the hope of being reunited with his wife, Ruth, in his heavenly home that eclipses this world. "When granted many years of life, growing old in age is natural, but growing old with grace is a choice," says the author. "Growing older with grace is possible for all who will set their hearts and minds on the Giver of grace, the Lord Jesus Christ." Join Billy Graham as he shares the challenges of fading strength but still standing strong in his commitment to finishing life well. "Explore with me not only the realities of life as we grow older but also the hope and fulfillment and even joy that can be ours once we learn to look at these years from God's point of view and discover His strength to sustain us every day." —BILLY GRAHAM

"Disability and Academic Exclusion interrogates obstacles the disabled have encountered in education, from a historical perspective that begins with the denial of literacy to minorities in the colonial era to the later centuries' subsequent intolerance of writing, orality, and literacy mastered by former slaves, women, and the disabled. The text then questions where we stand today in regards to the university-wide rhetoric on promoting diversity and accommodating disability in the classroom." Amazon.com viewed 6/2/2020.

This is a most interesting book that combines psychology with homeopathy. Philip Bailey describes in depth the personality profiles of some 35 polychrests. The last pages of the book cover a mix of psychological astrology and homeopathy when he explores the elements and some polychrests. Bailey provides detailed information on 35 major types, giving insight on diagnosis, mental and emotional traits, and physical characteristics. His broad profiles of major constitutional remedies give the reader a good overall picture of the personality type and therefore ways of remembering facts about the archetype, by having a unifying theory for each remedy.

Best Practices in Engaging Online Learners Through Active and Experiential Learning Strategies, Second Edition, is a practical guide for all instructors, instructional designers, and online learning administrators designing, developing, teaching, and leading online, hybrid and blended learning courses and programs, who seek to provide supportive, engaging, and interactive learner experiences. This book explores the integration of active and experiential learning approaches and activities including simulations, gamification, social media integration, project-based learning, scenari-

o-based learning, virtual tours, and online micro-credentialing as they relate to the development of authentic skill-building, communication, problem-solving, and critical-thinking skills in learners. New and emerging learning technologies of virtual and augmented reality along with artificial intelligence are included in this updated edition with examples of how instructors can actively use them in online courses to engage learners in experiential experiences. Readers will find guidelines for the development of participatory and peer-learning, competency-based learning, field-based experiences, clinical experiences, and service-learning opportunities in the online classroom. In addition, the authors provide effective learning strategies, discipline-specific examples, templates, and additional resources that align learner engagement with assessment practices and course outcomes.

In a rapidly changing world the importance of creativity is more apparent than ever. As a result, creativity is now essential in education. Creative Dimensions of Teaching and Learning in the 21st Century appeals to educators across disciplines teaching at every age level who are challenged daily to develop creative practices that promote innovation, critical thinking and problem solving. The thirty-five original chapters written by educators from different disciplines focus on theoretical and practical strategies for teaching creatively in contexts ranging from mathematics to music, art education to second language learning, aboriginal wisdom to technology and STEM. They explore and illustrate deep learning that is connected to issues vital in education - innovation, identity, engage-

ment, relevance, interaction, collaboration, on-line learning, dynamic assessment, learner autonomy, sensory awareness, social justice, aesthetics, critical thinking, digital media, multi-modal literacy and more. The editors and authors share their passion for creativity, teaching, learning, curriculum, and teacher education in this collection that critically examines creative practices that are appearing in today's public schools, post-secondary institutions and adult and community learning centres. Creativity is transforming education in the 21st century.
