An informal history of liquid rocket propellants by John Drury Clark. LibraryThing is a cataloging and social networking site for booklovers All about Ignition!:

Ignition!: An informal history of liquid rocket...

Ignition! is an informal history of the "Wild West" days of rocket propellant development from the late 1940s to the early 1960s. Clark writes in vivid prose and offers a fascinating view into the technical challenges of finding high-energy compounds that burn steadily without exploding in your face.
