V S Naipaul's second book much acclaimed, but rarely understood India Trilogy -India : A Wounded Civilization comes from Don Vidi-a's experience post the Emergency Years of Indira Gandhi where individual freedom was brutally suppressed and views -whether political, social or almost of any kind were subverted to suit the whims of the state .I bought the book pure on the author's reputation having been graced by a friend on how the man has an almost radar-like precision in his views on ...

The crisis of India is not only political or economic. The larger crisis is of a wounded old civilization that has at last become aware of its inadequacies, and is without the intellectual means to move ahead. II "India will go on." This was what the Indian novelist R.K. Narayan said to me in London in 1961, before I had ever been to India.

Of course, India is a wounded civilization, but Naipaul instead of trying to assume the healing of this wound through his writing tries to harm even more to the already wounded civilization. He tries to pursue everything negatively and writes negatively as some writers write negative as they believe that by writing negatively and by creating controversies they can gain popularity.

In 1964 V. S. Naipaul published An Area of Darkness, his semi-

autobiographical account of a year in India. Two visits later, prompted by the Emergency of 1975, he came to write India: A Wounded Civilization. In this work he casts a more analytical eye than before over Indian attitudes, while recapitulating and further probing the feelings aroused in him by this vast, mysterious, and agonized country.
