Indian Agricultural Exports and Market Analysis. Hitul Awasthi 28 May, 2020 9:46 PM IST. India's total merchandise export was around USD 303.7 billion during 2018-19, out of which agriculture commodities contributed around USD 38.5 billion (12.6%). Indian agricultural commodities and pro-

cessed foods are exported to more than 200 countries.

Announcement Information Paper - Department of Agriculture

How centre's agriculture bill will free farmers from clutches of mandi agents - Harsimrat Kaur Badal resigned from the Modi cabinet in protest of the Farmers' Produce Trade and Commerce (Promotion and Facilitation) Bill, 2020; The Farmers (Empowerment and Protection) Agreement of Price Assurance and Farm Services Bill, 2020; The Essential Commodities (Amendment) Bill, 2020.

India does not use any of the other subsidies, allowed for developing countries, such as subsidies for

marketing costs, freight, for most of the agricultural products. India has never considered full utilisation of benefits available to her under the Green Box provisions, which include expenditure on R&D, domestic Food Aid and assistance for public stocking of food, food security, insurance etc.

Indian Journal of Agricultural Sciences - Open access journals

India is moving towards an agricultural emergency due to lack of attention, insufficient land reforms, defective land management, non-providing of fair prices to farmers for their crops, inadequate investment in irrigational and agricultural infrastructure in India, etc. India's food

production and productivity is declining while its food consumption is increasing.
