 Industrial Training Report Guidelines 1.0 Introduction Industrial training report in this manual refers to a documented report of the training and experience undergone by a student in partial fulfilment of the requirements for a bachelor degree. This handbook will outline the report format for the Industrial Training report.

~~Industrial Report Guidelines Engineering~~  
 One of the main forms of communication in engineering is the technical report. In the workplace, the report is a practical working document written by engineers for clients, managers, and other engineers. This means every report has a purpose beyond the simple presentation of information. Some common purposes are:

~~Writing an Engineering technical report – Research ...~~  
 Student Industrial Work Experience Scheme (SIWES) is an essential criterion in a student's training program in tertiary institutions. This experience usually involves three to six or twelve months as the case may be of intensive training in an industry of the student's choice. It was established in 1973 by the Industrial Training Fund (ITF)
