The Intermediate Level texts and workbooks are the second of a five-level series (Beginning 1 and 2, Intermediate 1 and 2, Advanced Intermediate 1 and 2, and Advanced 1 and 2) developed collaboratively by leading classroom teachers and linguists of Korean. All series volumes have been developed in accordance with performance-based principles and methodology--learner-centeredness, contextualization, use of authentic materials, function/task-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and

culture. Grammar points are systematically introduced with simple but adequate explanations and abundant examples, exercises, and drills. Each situation/topic-based lesson of the main texts consists of two or three model dialogues, narration, new words and expressions, pronunciation notes, vocabulary notes, culture, grammar, task/function, and English translation of dialogues. The workbooks provide students with extensive skill-using activities based on the skills learned from the main texts.

The first advanced Korean reading text for non-native speakers, *Selected Readings in Korean* consists of eighteen lessons on diverse, stimulating topics such as Korean traditions, culture, and society. It is designed for use by students who have completed the fourth-year

level in Korean (approximately five hundred class hours) or the equivalent. Each lesson consists of six sections: prereading group activities, which not only serve as a schema for efficient comprehension of the reading text to follow, but also help students broaden their relevant knowledge; an authentic main reading text on an informative and interesting topic; explanations in Korean and English of words that may be unfamiliar to students, including words indicating abstract or culture-specific concepts; explanations of idiomatic expressions; extensive exercises intended to help students master the contents of the text, new vocabulary, and grammar while improving their composition and oral presentation skills; and post-reading activities designed to further thinking and group discus-

sion on subjects related to the main topic of the lesson. Appended are translations of the main reading texts of all eighteen lessons and a Korean-English glossary. Overall, special effort has been made to render the volume learner-centered and learner-friendly.

This is a thoroughly revised edition of *Integrated Korean: Beginning 1*, the first volume of the best-selling series developed collaboratively by leading classroom teachers and linguists of Korean. All series' volumes have been developed in accordance with performance-based principles and methodology—contextualization, learner-centeredness, use of authentic materials, usage-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced in simple but adequate explanations and abundant examples and exercises. Each situation/topic-based lesson of the main texts consists of model dialogues, narration, new words and expressions, vocabulary notes, culture, grammar, usage, and English translation of dialogues. In response to comments from hundreds

of students and instructors of the first edition, this new edition features a more attractive two-color design with all new photos and drawings and an additional lesson and vocabulary exercises. Lessons are now organized into two main sections, each containing a conversational text (with its own vocabulary list) and a reading passage. The accompanying workbook, newly written, provides students with extensive skill-using activities based on the skills learned in the main text. "Korean is the seventh most commonly spoken language in the U.S., and Korean heritage students—those with some proficiency in or a cultural connection to the language through family or community—outnumber others learning Korean at the college level. Many schools offer a separate heritage track for learning Korean, but until now there has been no textbook designed specifically for heritage or accelerated curriculum students. *Integrated Korean: Accelerated 1*

and 2 directly address the linguistic needs and abilities of heritage learners in a single academic year. Volume 1 presents lessons on thematically-organized subjects, starting with familiar topics such as family, friends, daily routines, schoolwork, campus activities, dining out, and shopping. Volume 2 advances to more formal subjects beyond family and friends, such as travel, transportation, housing, holidays, lifestyles, careers, and Korean history and culture. Students approach the lessons with multi-level communicative classroom activities and reading materials with standards-based exercises and projects that not only address the particular language requirements of heritage learners, but also encourage them to participate more fully in their own family and community life. Each volume's textbook and workbook offer authentic conversations and texts in both informal and formal contexts, structured tasks, and a wealth of interesting and relevant cultural content"--

acquired the basics of the language and wish to extend their knowledge and organise accumulated bits of information into a comprehensive picture. It is designed to promote the fluency and accuracy vital to effective communication, provides excellent coverage of proverbs, idioms, and sound symbolism, is tailored to the needs of the English-speaking user, and will be invaluable to anyone requiring up-to-date guidance on points of grammar and vocabulary. Unlike conventional grammars, it highlights those areas of vocabulary and grammar which cause most difficulty to English speakers. Special attention is given throughout the book to the appropriateness of different language styles in various situational contexts. Clear, readable, and easy to consult, it is essential for all those who wish to take their Korean beyond the beginner's level.

Modern Korean breaks new ground in the field of Korean studies by providing students at last with an intermediate-level language text. The volume emphasizes the development of reading proficiency, but the exercises reinforce skills learned through conversation practice. They use a communicative approach emphasizing student-student

and student-teacher interactions in real-life scenarios. Twenty-four lessons are divided into two groups of twelve lessons each. A single lesson consists of a main text, written in expository or descriptive prose that often incorporates a conversational style; a dialogue; a discussion of new word usage and structural patterns; substitution and grammar drills; exercises; and a vocabulary list. The second half of the book introduces Chinese characters found in each lesson. Modern Korean may be used for classroom instruction or self-study. Main text topics cover a wide range of subjects including Korean history, geography, holidays, literature, customs, and people, allowing students to develop a better understanding of Korean society and culture while improving their language skills.

This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be

used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand. **MP3(CD)** www.darakwon.co.kr **TOPIK 1~2** **Contents** Preface How to Use This Book Table of Contents ■ Introduction to the Korean Language 1. An introductory chapter provides the framework of the volume, defining language, culture, and society and their interrelatedness and presenting an overview of the Korean language vis-à-vis its culture and society from evolutionary and dynamic perspectives. Early on, contributors examine the invention and use of the Korean alphabet, South Korea's "standard language" vs. North Korea's "cultured language," and Kore-

an in contact with Chinese and Japanese. Several topics representative of Korean socio-cultural vocabulary (sound symbolic words, proverbs, calendar-related terms, kinship terms, slang expressions) are discussed, followed by a consideration of Korean honorifics and other related issues. Two chapters on Korean media, one on advertisements and the other a comparative analysis of television ads in Korea, Japan, and the U.S., follow. Finally, contributors look at salient features of the language, narrative structure, and dialectal variation. All chapters are accompanied by a set of student questions and a useful bibliography. A beginning level of proficiency in Korean is sufficient to digest the Korean examples with facility, making this volume accessible to a wide range of students. Contributors: Andrew S.
