### Introducing Second Language Acquisition (PDF)

Second Language Learning. Second language learning is a conscious process where the learning of another language other than the First Language (L1) takes place. Often confused with bilingualism and multilingualism, the process has to take place after the first language(s) has already been acquired.

Introduction. At the heart of many SLA studies lies the intention to promote SLA. ... Second Language Acquisition (SLA): the acquisition of a second language Working memory: usually synonymous to 'short term memory', where information is instan-

taneously processed and stored temporarily.

Myth 1: Children learn second languages quickly and easily Myth 2: The younger the child the better for learning an L2 Myth 3: Students learn faster in a full immersion setting Myth 4: Once a child can speak an L2, he/she has acquired that language Myth 5: All children learn an L2 the same way For more information, read Myths and Misconceptions About Second Language Learning, by Barry ...

### Second Language Acquisition: An Introduction

This module provides a description of the basic principles and procedures of the most recognized and commonly used ap-

proaches and methods for teaching a second or foreign language. Each approach or method has an articulated theoretical orientation and a collection of strategies and learning activities designed to reach the specified goals and achieve the learning outcomes of the teaching and ...

Learning another language will not cause or worsen speech or language problems. Bilingual children develop language skills just as other children do. If your child starts having trouble in both languages, he may need help from a speech-language pathologist, or SLP. To find a speech-language pathologist near you, visit ProFind. Other Resources
