BIPOTX - JAXON TIANA

Some quip that the first private equity investment can be traced to Christopher Columbus, an undeterred young entrepreneur soliciting capital from the Spanish royalty with an overly ambitious business plan and a limited track record of success. However, an analysis of the history of modern private equity—the industry of providing investment capital to a business in exchange for a share of the profits of the recipient entity—begins in New England in the years immediately following World War II.

Private equity is invested in exchange for a stake in your company and, as shareholders, the investors' returns are dependent on the growth and profitability of your business. Private equity in the UK originated in the late 18th century, when entrepreneurs found wealthy individuals to back their projects on an ad hoc basis.

Private Equity vs. Venture Capital: Understanding the ...

Introduction to Private Equity, Second Edition covers the private equity industry as a whole, putting its recent developments (such as secondary markets, crowdfunding, venture capital in emerging markets) into perspective. The book covers its organization, governance and function, then details the various segments within the industry, including Leveraged Buy-Outs, Venture Capital, Mezzanine Financing, Growth Capital, Distressed Debt, Turn-Around Capital, Funds of Funds and beyond.

Venture capital is a very important part of private equity that needs to be learned and understood by the masters of private equity. To write this book, the author has conducted a number of interviews of experts in the private equity sector. The book covers stories that matter to high-level investors.

Private Equity and Venture Capital

Introduction Private equity, in a nutshell, is the investment of equity capital in private companies. In a typical private equity deal, an investor buys a stake in a private company with the hope of ultimately realising an increase in the value of that stake. There is today an increasingly massive and variegated industry devoted to pursuing

5.0 out of 5 stars Good Introduction to Private Equity. Reviewed in the United States on September 30, 2013. The private equity industry is varied and fast moving and it can be difficult to find relevant and up to date books on the topic. In my experience, books in this area are either dry, specialist texts, focusing on a narrow aspect of the field, or more discursive (but less objective or factually informative) observations on deals and personalities.
