Go from smartphone newbie to iPhone rock star with this amazing all-in-one

guide! Here's the book for iPhone users who want it all--the basics to get started and the advanced info that puts all the iPhone's power at your fingertips. iPhone All-in-One For Dummies includes five minibooks - more than 600 pages in full color---packed with next-step information for iPhone power users at home, at work, or on the go. Writing in the famous straightforward yet fun For Dummies style, tech experts John Hutsko and Barbara Boyd get you acquainted with your iPhone and take you step by step from simple to advanced: surfing the Web to taking photos and videos; staying in touch via e-mail, video calls, and social media to losing yourself in e-books and magazines to guru-level techniques anyone can learn. Five minibooks include Meet the iPhone, Stocking the iPhone with iTunes Apps and Add-Ons, Communications Central, Making Your iPhone Your Personal Assistant, Letting iPhone Entertain You; each walks you through all aspects of the incredible iPhone's functionality. Gets you up to speed with the latest iPhone models plus iOS 5 and all its features. Explains how to make phone and video calls, exchange e-mails, text and multimedia messages, surf

the Web, and buy apps, music, movies, and more. Goes beyond fun to getting work done with pocket-sized office suite and doc apps, contacts and calendars, eBooks and eReaders. Gives up-to-date info on Facebook, Twitter, Yelp, FourSquare, and other social networks. Shares insider tips and troubleshooting techniques. You'll take charge of your iPhone and take your world with you everywhere you go with iPhone All-in-One For Dummies.

The iPhone is cool, and the iPhone is fun, but the iPhone also means serious business. For those of you who bought your iPhones to help get your lives organized and free yourselves from the ball and chain of desktop computing, iPhone at Work: Productivity for Professionals is the book to show you how. There are plenty of general-purpose iPhone guides, but iPhone at Work: Productivity for Professionals shows you how to complete all the traditional smartphone tasks, like to-do lists, calendars, and e-mail, and become much more efficient and productive at work. You'll learn mechanisms for developing effective workflows specific to the features of the iPhone and also efficient strategies

for dealing with the specialized aspects of business and professional lifestyles. From the introduction and throughout the book, author Ryan Faas targets professional users of the iPhone. You'll tour the built-in applications and configuration options, always with work and productivity in mind, and discover all of the enterprise features of the iPhone, learning how to configure and use each one. Then discover the App Store: source of all third-party software. There's something a bit daunting about the dominance of games and frivolous apps on the best-seller lists, but there are serious business and vertical applications also available, and you'll learn about some of the best and how to take advantage of this wealth of add-on and very professional functionality. And for those administrators with the special job of deploying lots of new iPhones across the enterprise, this book concludes with two appendixes that provide information and resources for companies. The first is intended for organizations looking to perform larger-scale iPhone or iPod touch deployments complete with device management. The second is geared for those companies that wish to develop an iPhone platform-orient-

ed infrastructure through the use of customized in-house applications and iPhone/iPod touch-specific web services.

In full-color and straightforward, jargon-free language, iPhone for Seniors in easy steps gives you all the information you need to get up and running with your new iPhone and quickly feel you are in control of it.

- The iOS 8 operating system is explained so you can find your way around the iPhone screens and access the items you want
- Settings are examined so you can customize your iPhone exactly to your style and requirements
- The Multitasking Window shows how you can manage your open apps; and the Control Center provides quick access to frequently used functions.

iPhone for Seniors in easy steps covers everything you need to know to keep fully connected. With your iPhone in your pocket you are only ever a couple of taps away from friends and family. Learn how to:

- Make and receive phone calls
- Text with the Messages app
- Make video calls with FaceTime
- Set up and use email accounts

The new Family Sharing feature is covered, which enables you to share music, videos, apps, calendars and photos with up to six family members: a great

way to stay in the loop with children and grandchildren. Apps are at the heart of the iPhone and iPhone for Seniors in easy steps gives a comprehensive introduction to using the preinstalled apps. It then shows how to find and download apps from the Apple App Store for:

- Going on vacation
- Online shopping
- Social networking
- Hobbies
- Music and videos
- Books
- Photos
- Keeping up-to-date with everyday tasks, through the use of the Notes, Calendar, Contacts and Reminders apps
- Health and wellbeing, using the new Health app that is designed to collate a range of health and fitness information.

An in-depth chapter on iCloud, Apple's online storage, sharing and backup service, explains how iCloud works and shows how it can automatically store your data and share your photos so you don't have to worry about losing information should anything happen to your iPhone. iPhone for Seniors in easy steps takes the mystery out of using your iPhone and shows how it can become your most useful digital companion, ready to help keep you in touch, up-to-date and entertained. Get to know your iPhone with this colorful and easy-to-use guide So you just

purchased your first iPhone? Although it seems like everyone has an iPhone these days, it's not a given that you'll instantly know how to use one. And that's where this handy book comes in. Written in the friendly For Dummies style and sporting senior-friendly larger type and full-color illustrations, this book clearly shows you how to use your iPhone, even if it's your first-ever smartphone. Make calls, send e-mail, download videos, read e-books, FaceTime video chat, and discover the wonderful world of apps. It's all here and much more! Covers the iPhone 5, iPhone 4S, and iPhone 4 Includes senior-friendly larger type and full-color illustrations Explains how to use the iPhone in the clear, friendly, easy-to-follow language that has defined the series for two decades Covers iPhone accessibility features, using maps, browsing the web, buying apps, playing music, shooting and sharing video and pictures, texting with iMessage, using Reminders and Newsstand, and of course, making calls iPhone 5 For Seniors For Dummies, 2nd Edition helps you discover the wonders of your smartphone and take advantage of all it has to offer! The first edition of "The iPhone Book" was

chosen by Amazon's editors as their Computer/Technology Book of the Year. This new version of the book, totally updated and expanded for the 3G iPhone, was chosen by Amazon as one of their "Top 10 Must-Have Books" in their annual list of the most "gift-worthy" books of the holiday season. Here's why this book has become such a hit with iPhone users around the world: it's not a "Tell-me-all-about-it" book, which has in-depth discussions on everything from wireless network protocols to advanced compression codes. Instead it's a "show-me-how-to-do-it" book, that skips all the confusing techno-jargon and just tells you, in plain simple English, exactly how to use the iPhone features you want to use most. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. In this book, you'll learn:

- How to set up and manage your email the right way from the start
- How to take advantage of the iPhone's Web features (including important tips that help you avoid frustration, and get you where you want to go fast!)
- How to download

and install applications from Apple's online App Store • The key trouble-shooting tips you've got to know • How to get your favorite photos onto your iPhone, tips for using its built-in camera, and how to make the most of the iPhone's surprisingly powerful photo features • The tips you've got to know to use your iPhone's built-in iPod features, including watching videos, podcasts, TV shows and movies (you're going to be amazed at some of the cool things you can do) • How to use the iPhone's built-in applications to organize your life (you'll learn things in this chapter you didn't know the iPhone could do!) • The top 20 tips for the iPhone's phone feature that will make you fall in love with it (you'll never want to use any other phone again) • Plus so much more, including a special bonus chapter called "iPhone Killer Tips" where you'll learn those hidden secrets that you'll be passing on to your iPhone friends (and they will be amazed!). The iPhone Book is from Scott Kelby, the award-winning author of the smash best-seller, The iPod Book, who teams up once again with gadget guru, and iPhone authority, Terry White to put together a book that is an awful lot like the iPhone it-

self—simple to use and fun to learn. In this major update to the book, Scott and Terry added even more tips, more tricks, and made it even easier by focusing on just the most useful and most requested features (without all the techno-babble) so you can start really using your iPhone today! BONUS VIDEO: The authors put together a special in-depth video just for readers of the book where they not only share their favorite iPhone accessories, but they share even more of those hidden little time-saving tips that can make all the difference in the world. If you've been waiting for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone—you've found it.

Explains how to use the portable device, from activating the iPhone to managing its multi-touch and voice-recognition interfaces to iPhone security, including syncing the phone with iCloud, managing contacts, and organizing multimedia.

accessories. Get ready to take your iPhone 4S and earlier running the new iOS 5 to the max!

Soon to be a major Amazon Prime TV series The twelfth novel in the Wheel of Time series - one of the most influential and popular fantasy epics ever published. Tarmon Gai'don, the Last Battle, looms. And mankind is not ready. Rand al'Thor struggles to unite a fractured network of kingdoms and alliances in preparation for the Last Battle, as his allies watch in terror the shadow that seems to be growing within the heart of the Dragon Reborn himself. Egwene al'Vere is a captive of the White Tower and subject to the whims of their tyrannical leader. She works to hold together the disparate factions of Aes Sedai, as the days tick toward the Seanchan attack she knows is imminent. Her fight will prove the mettle of the Aes Sedai, and her conflict will decide the future of the White Tower - and possibly the world itself. help you enjoy your iPhone 4 to the max. Poet and cartoonist Austin Kleon has discovered a new way to read between the lines. Armed with a daily newspaper and a permanent marker, he constructs through deconstruction—eliminating the words he doesn't need to create a new art form: Newspaper Blackout poetry. Highly original, Kleon's verse ranges from provocative to lighthearted, and from moving to hysterically funny, and undoubtedly entertaining. The latest creations in a long history of "found art," Newspaper Blackout will challenge you to find new meaning in the familiar and inspiration from the mundane. Newspaper Blackout contains original poems by Austin Kleon, as well as submissions from readers of Kleon's popular online blog and a handy appendix on how to create your own blackout poetry.

Get down to iPhone basics—and beyond! It's fun to play with new gadgets—but getting to the point where you can navigate around a new iPhone with ease can feel daunting at any age. Written with you in mind, the easy-to-follow steps, larger text, and full-color images in this book help you manage, personalize, and use your new

iPhone to its fullest extent. You'll discover how to do everything from shop online and organize appointments using Calendar, to taking and sharing pictures and downloading and listening to your favorite music. With the latest iOS update, you'll also learn how to customize Siri Suggestions, limit App notifications, stay in touch with Group FaceTime video calls, read ebooks, play games—whatever you fancy! Sync with iTunes Stay safe while browsing Manage email and appointments Download and use apps Whether you're a total newbie or upgrading from an older model, iPhone For Seniors For Dummies helps you can sit back, relax, and enjoy keeping up with the latest technology!

The twenty-first century offers more technology than we have ever seen before, but with new updates, and apps coming out all the time, it's hard to keep up. Essential iPhone: iOS 12 Edition is here to help. Along with easy to follow step-by-step instructions, illustrations, and photographs, this guide offers specifics in... Setting up iOS 12 on iPhone and upgrading from previous versions A look at the updates introduced in iOS 12 Getting to know your iPhone, finding your way around the dock, menus, and icons Navigating with touch gestures using quick peek, 3D touch, tap, drag, pinch, spread, and swipe Multi-task-

ing with the app switcher A look at the new control centre and how to make use of it Getting to know Siri, voice dictation, and recording voice memos Communicating with email, FaceTime, iMessage, using digital touch, and peer-to-peer payments Using the Phone app to make and receive calls Browsing the web with Safari web browser Taking and enhancing pictures, panoramic and live photos, as well as recording video Listening to music with Apple Music and iTunes Store, as well as watching films and TV Using the Files App, as well as Maps, News, Apple Books, Notes, Apple Pay, Calendar, and Contacts Maintaining your iPhone with updates, backups, general housekeeping, and much more... Unlike other books and manuals that assume a computing background not possessed by beginners, Essential iPhone: iOS 12 Edition tackles the fundamentals of the iPhone, so that everyone from students, to senior citizens, to home users pressed for time, can understand. So, if you're looking for an iPhone manual, a visual book, simplified tutorial, dummies guide, or reference, Essential Phone: iOS 12 Edition will help you maximize the potential of your iPhone to increase your pro-

ductivity, understanding, and help you take advantage of the digital revolution.

Easily Unlock the Power of Your iPad, iPad mini, or iPhone Discover hundreds of tips and tricks you can use right away with your iPad, iPad mini, or iPhone to maximize its functionality. Learn to use your iOS 6 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPad or iPhone, you will learn about some of the best third-party apps currently available, plus discover useful strategies for how to best utilize them in your personal and professional life. Using an easy-to-understand, nontechnical approach, this book is ideal for beginners and more experienced iPad, iPad mini, or iPhone users who want to discover how to use the iOS 6 operating system with iCloud, and the latest versions of popular apps. If you're an iPad 2, iPad 3rd or 4th generation, iPad mini, iPhone 4S, or iPhone 5 user, this book is an indispensable tool. Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish: Discover how to take full advan-

tage of powerful iOS 6 features, like Notification Center. Learn secrets for using preinstalled apps, such as Contacts, Calendars, Reminders, Maps, Notes, Safari, Mail, and Music. Find, download, and install the most powerful and versatile apps and content for your iPad, iPad mini, or iPhone. Synchronize files, documents, data, photos, and content with iCloud, your computer, or other iOS mobile devices. Learn how to interact with your tablet or phone using your voice in conjunction with Siri and the Dictation feature. Create and maintain a reliable backup of your iOS 6 device. Discover how to take visually impressive photos using the cameras built into your iPad, iPad mini, or iPhone, and then share them using iCloud Shared Photo Streams, Facebook, Twitter, email, or other methods. Use your iOS mobile device as an eBook reader, portable gaming machine, and feature-packed music and video player.

The phenomenal success of the iPhone and the iPod touch has ushered in a “gold rush” for developers, but with well over 100,000 apps in the highly competitive App Store, it has become increasingly difficult for new apps to stand out in the

crowd. Achieving consumer awareness and sales longevity for your iPhone app requires a lot of organization and some strategic planning. This book will show you how to incorporate marketing and business savvy into every aspect of the design and development process, giving your app the best possible chance of succeeding in the App Store. The Business of iPhone App Development was written by experienced developers with business backgrounds, taking you step-by-step through cost-effective marketing techniques that have proven successful for professional iPhone app creators—perfect for independent developers on shoestring budgets. Although there are a few iPhone app marketing books on the horizon, they appear to tackle the subject from purely a marketer’s perspective. What makes this book unique is that it was written by developers for developers, showing you not only what to do, but also how to do it, complete with time-saving resources and ready-to-use code examples. No prior business knowledge is required. This is the book you wish you had read before you launched your first app!

Apple iPhone is appreciated worldwide for Its Style, Ease of Use, and High Technolo-

gy Brand. Do You Used to “Think Different”? Explore New Flagships of Apple - iPhone12 and iPhone PRO - in a Detailed Review of All Peculiarities and Features of These Models! You'll find cool and useful Genius tips, full-color screenshots, and pages of easy-to-access shortcuts and tools that will save you loads of time and let you enjoy your iPhone 4 to the max.

If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 3G or 3GS—you've found it. There are basically two types of iPhone books out there: (1) The “tell-me-all-about-it” kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a “show-me-how-to-do-it” book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash

bestseller, *The iPod Book*, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007 and, since then, Scott and Terry added even more tips and more tricks, and made it even easier by focusing on just the most useful and most requested iPhone 3G and 3GS features, so you can start really using your iPhone today! Congratulations—you've purchased the new iPhone 4S, the coolest smartphone on the market. Now it's time to learn how to take advantage of the new iOS 5 and all its features, apps, and secret techniques available. To accomplish this, look no further than *iPhone 4S Made Simple*. More than 1,000 screen visuals and clear-cut instruc-

tions guide you through both basic and advanced features of the iPhone 4S, from email and calendar tips to navigating the App Store and understanding Bluetooth and Wi-Fi networks. Written by two successful smartphone trainers and authors, this is the go-to guide for the latest and greatest version of the iPhone. This book should also help those who use the popular iPhone 4 or earlier iPhones, that are now running or can run the new iOS 5 operating system as well.

The importance of science and technology and future of education and research are just some of the subjects discussed here. with an iPhone or iPad. -- Use your iOS mobile device as an eBook reader, portable gaming machine, and feature-packed music and video player. -- Create and maintain a reliable backup of your iPhone or iPad using iCloud Backup.

Catholic social teaching has explosive power for changing not just individuals, but whole societies. And it's the saints who light the fuse. - Brandon Vogt The value of human life. The call to family and community. Serving the poor. The rights of workers. Care for creation. The church has always taught certain undeniable truths that can and should affect our society. But over the years, these teachings have been distorted, misunderstood, and forgotten. With the help of fourteen saints, it's time we reclaim Catholic social teaching and rediscover it through the lives of those who best lived it out. Follow in the saints' footsteps, learn from their example, and become the spark of authentic social justice that sets the world on fire. Learn from heroes like: Bl. Teresa of Calcutta St. Peter Claver St. Frances of Rome St. Roque Gonzalez Bl. Piner Giorgio Frassati St. Damien of Molokai St. John Paul II Goodreads Review for

Seattle 1955. When a wealthy matriarch dies under questionable circumstances, Inspector Michael Riggs is assigned to the high-profile case. Riggs is determined to prove himself, but the dead woman's fami-

ly closes ranks, and Riggs soon learns that even his police chief expects him to fail. Refusing to let the case go cold, Riggs follows the clues to the dead woman's estranged daughter-in-law, Victoria. Victoria is an unlikely society wife who evokes strong emotions within the family. Riggs needs more time, but when a second body is found in an upscale penthouse, the chief decides to pull Riggs from the case. Racing against the clock, Riggs teams up with Victoria—a gamble that could solve the case—unless Victoria is the killer.
