ISO 37001 Training | EY - Global - Ernst & Young

ISO 37001 is welcome news for organizations operating internationally and may one day become mandatory for corporations as they partner with other organizations in international business. For Microsoft, ISO 37001 lays down a much needed “common language” to set global best practices for anti-bribery schemes, says Hesselroth.

Published by the International Organization for Standardization (ISO) in October of 2016, ISO 37001 is the first global standard on anti-bribery compliance. The standard was drafted to help organizations—public, private, and non-profit—reduce risk and costs related to bribery by providing a business framework for preventing, detecting and addressing bribery.

A New Global Standard to Address Bribery Risk: ISO 37001 ...

ISO 37001 is more elaborate than the DoJ's Evaluation of Corporate Compliance Programs, which is an evaluation tool rather than describing how an anti-bribery management system should look. Apart from the fact that the DoJ's document applies to compliance at large while ISO 37001 focuses on corruption, I do not see any contradiction between both of them.
