Japanese Woodblock Prints: 100 postcards

artelino - The art of woodblock printmaking began in the 6th century in China and slowly and gradually spread worldwide. Japanese woodblock prints, however, are unique in appearance, not only because Japanese artists incorporated the printing techniques with that of traditional painting. They perfected the complex technique of color woodblock prints with magical elegance.

Woodblocks are the oldest form of prints—historians believe woodcutting originated in China around the early 9th century. Until the 15th century, it was also used in Europe and the Middle East to decorate textiles. With the birth of the printing press in the 16th century, woodblock printing became a common way of illustrating books because the woodblocks could be cut to the same thickness as ...
